The Escrow Agent shall provide Settling Defendants wire transfer instructions and any other documentation reasonably necessary to facilitate payment of the Settlement Amount to the Qualified Settlement Fund, which shall be delivered at least seven (7) Business Days before the deadline for payment specified herein. If such wire transfer instructions and documentation have not been provided to Settling Defendants by the date seven (7) Business Days before the deadline for payment specified herein, Settling Defendants shall not be obligated to pay such amount until seven (7) Business Days after receiving the wire transfer instructions and documentation.

6.2.2. The Escrow Agent shall disburse funds for Notice costs upon request by the Parties. The Special Master shall keep a record of all such expenditures, shall report them periodically to Class Counsel and the Settling Defendants until the Effective Date, and shall certify to the Parties in each such report that the Settlement Funds were used only for purposes specified in the preceding sentence. All unused Settlement Funds, including all interest earned thereon, shall be refunded to Settling Defendants should a Termination Refund become payable under Paragraph 9.9.2, 9.10.2, or 10.4 of this Settlement Agreement.

6.2.3. The “holdback assessment” required by CMO No. 3 shall be assessed upon the Effective Date, before any portion of the Settlement Funds is distributed to Settlement Class Members or Class Counsel. Such Order requires a holdback

Any amounts deducted or withheld by the Escrow Agent (or any other withholding agent) with respect to payments made by the Qualified Settlement Fund shall be treated for all purposes as though such amounts had been distributed to the Person in respect of which such deduction or withholding was made. The Special Master shall direct the Escrow Agent to timely pay from the Qualified Settlement Fund any taxes (including but not limited to withholding taxes with respect to distributions from the Qualified Settlement Fund), interest, and penalties required to be paid to the IRS or any other governmental authority by the Qualified Settlement Fund (collectively, “Taxes”) and any reasonable out-of-pocket expenses incurred to (i) cause any Tax returns and information reports to be prepared and filed, (ii) respond to any questions from, or represent the

In all events, none of Settling Defendants, Class Representatives, Settling Defendants’ insurers, Settling Defendants’ Counsel, or Class Counsel shall have any liability or responsibility for Taxes or Tax Expenses. Taxes and Tax Expenses shall be treated as, and considered to be, a cost of administration of the Qualified Settlement Fund and shall be timely paid by the Special Master out of the Qualified Settlement Fund without prior order from the Court, and none of Settling Defendants, Class Representatives, their insurers, Settling Defendants’ Counsel, or Class Counsel shall be responsible or have any liability therefor.
- 7.2.4. Settling Defendants make no representations to Settlement Class Members or any other Person concerning any Tax consequences, Tax loss, or Tax treatment of any allocation or distribution of funds to Settlement Class Members or any other Person pursuant to this Settlement Agreement, the Settlement, or the Allocation Procedures. - (c) More than Threshold E of such Community Water Systems that serve 3,300 to 10,000 people; or
- (d) More than Threshold F of such Community Water Systems that serve less than 3,300 people; or
- (e) More than Threshold G of the subset of such Community Water Systems that are a plaintiff as of the Settlement Date in any Litigation against any of the Settling Defendants.

10.1.3. **Other Community Water Systems.** With respect to Community Water Systems described in Paragraph 5.1.1(b) of this Settlement Agreement that are not also within Paragraph 5.1.1(a) (other than those serving more than 500,000 people), timely and valid Requests for Exclusion from the Settlement Class are received from:

- (a) More than Threshold H of such Community Water Systems that serve 100,001 to 500,000 people; or
- (b) More than Threshold I of such Community Water Systems that serve 10,001 to 100,000 people; or

- (c) More than Threshold J of such Community Water Systems that serve 3,300 to 10,000 people.

10.1.4. **Transient Non-Community Water Systems and Non-Transient Non-Community Water Systems.** With respect to Transient Non-Community Water Systems and Non-Transient Non-Community Water Systems that are part of the Settlement Class (under either Paragraph 5.1.1(a) or (b)), timely and valid Requests for Exclusion from the Settlement Class are received from more than Threshold K of such Transient Non-Community Water Systems and Non-Transient Non-Community Water Systems, in the aggregate.

10.2. For purposes of any of the conditions in Paragraph 10.1:

10.2.1. percentages will be calculated using as the denominator the number of Public Water Systems in each category listed on Annex 1 to the separate letter agreement between Class Representatives and the Settling Defendants to be filed under seal with the Court; and

10.2.2. a Public Water System otherwise within the Settlement Class will be counted towards the applicable threshold specified above if a timely and valid Request for Exclusion from the Settlement Class is received from either (a) the Public Water System itself or (b) from an Entity that is legally responsible for funding (by statute, regulation, other law, or contract) a Public Water System described in clauses (a) or (b) of Paragraph 5.1.1 or that has authority to bring a Claim on behalf of such a Public Water System.

10.3. **Time Period to Exercise Walk-Away Right.** Settling Defendants will have access to the Requests for Exclusion as they are served on the Notice Administrator and the Parties. Settling Defendants will have fourteen (14) Business Days after the deadline for submitting Requests for Exclusion to provide notice to Class Counsel of the exercise of the Walk-Away Right if any of the conditions in Paragraph 10.1 is satisfied. If the Settling Defendants do not collectively provide notice of exercise of the Walk-Away Right to Class Counsel in accordance with this Paragraph 10.3, the Walk-Away Right shall be waived.

10.4. **Effect of Exercising the Walk-Away Right.** The Escrow Agent shall, within seven (7) calendar days of receiving written notice of the Settling Defendants' exercise of the Walk-Away Right, repay to Settling Defendants the Termination Refund. This Settlement Agreement shall thereupon terminate, and this Settlement Agreement, Settling Defendants' obligations under it, and all Releases shall become null and void. In the event of such a termination, no class will be deemed certified as a result of this Settlement Agreement, and the Litigation for all purposes will revert to its status as of the Settlement Date. In such event, Settling Defendants will not be deemed to have consented to certification of any class, and will retain all rights to oppose, appeal, or otherwise challenge, legally or procedurally, class certification or any other issue in this case. Likewise, the participation in the Settlement by any Class Representative or Settlement Class Member cannot be raised as a defense to their claims.

- 10.5. **Walk-Away Right Disputes.** Any disputes relating to whether the conditions to exercise of the Settling Defendants' Walk-Away Right have been satisfied shall be submitted to the Court, and said decision by the Court shall be final, binding, and non-appealable.

11. DISTRIBUTIONS

- 11.1. **Notice and Administration.** All costs of notice and administration of the Settlement shall be paid from the Settlement Funds in accordance with the provisions of this Settlement Agreement. Settling Defendants shall have no obligation for any such fees, costs, and expenses other than their payment obligations under Paragraph 6.1.
- 11.2. **Attorneys' Fees and Costs.** Interim Class Counsel intend to file a motion for fees and costs that will request that amounts due under the Holdback Provisions set forth in CMO No. 3, private attorney/client contracts, and fees of Class Counsel all be paid from the Qualified Settlement Fund, but any such costs and fees of Class Counsel must be approved by the Court. Any such award shall be paid from the Qualified Settlement Fund by the Escrow Agent before any portion of the Settlement Funds are distributed to Qualifying Settlement Class Members, upon production to the Escrow Agent of a copy of the order, no later than seven (7) days after the Effective Date or such later date as the award may become payable under the Court's order. Settling Defendants shall have no obligation for any such award other than their payment obligations under Paragraph 6.1.
- 11.3. **Distribution to Qualifying Settlement Class Members.** All monetary awards to Qualifying Settlement Class Members will be strictly governed by the Allocation Procedures, attached as Exhibit C. The Allocation Procedures are designed to fairly and equitably allocate the settlement among Qualifying Settlement Class Members to resolve PFAS contamination in Drinking Water in Public Water Systems in such a way that reflects facts used in designing a water treatment system in connection with such contamination. The Claims Administrator will provide a copy of submitted Claims Forms to Settling Defendants.
- 11.4. **Submission of Claims.** Qualifying Settlement Class Members will be required to comply with strict deadlines for Claims Forms. The Allocation Procedures specify, among other requirements, that a Settlement Class Member will not be allocated nor receive any share of the Settlement Funds if it does not complete and timely submit a Claims Form.
- 11.5. **Allocation:**
- 11.5.1. The Settlement Amount less the amounts paid out pursuant to Paragraphs 6.2.3, 11.1. and 11.2 (the "Restitution Amount") shall be allocated among the Qualifying Settlement Class Members pursuant to the Allocation Procedures as specified in Exhibit C to this Settlement Agreement.
- 11.5.2. Each of the Settling Defendants and the Settlement Class Members acknowledges and agrees that:
- (a) The Class Representatives sought compensatory restitution and remediation (within the meaning of Section 162(f)(2)(A) of the Code) as

damages for alleged harms suffered by the Settlement Class Members relating to the Released Claims and PFAS manufactured or sold by Settling Defendants;

- (b) The Restitution Amount is being paid solely as compensatory restitution and remediation for the alleged harms described in Paragraph 11.5.2(a) allegedly suffered by the Settlement Class Members, and the portion of the Restitution Amount received by each Settlement Class Member is being paid solely as compensatory restitution and/or remediation for such alleged harms allegedly suffered by such Settlement Class Member.
- (c) The payment of the Restitution Amount by Settling Defendants constitutes, and is paid (i) as restitution for alleged PFAS contamination, and/or (ii) for remediation by the Settlement Class Members of alleged PFAS contamination (including the installation of upgraded filtration systems and increased operating expenses associated therewith), which restitution or remediation has had or will have a direct nexus or connection with the alleged harms described in Paragraph 11.5.2(a). Payment by Settling Defendants of the Restitution Amount is intended to restore, in whole or in part, the Settlement Class Members to the same or substantially similar position or condition they would have been in had the Settlement Class Members not suffered the alleged harms described in Paragraph 11.5.2(a). Each Settlement Class Member agrees that it will use the Allocated Amount it receives in a manner consistent with this Paragraph 11.5.
- (d) For the avoidance of doubt, no portion of the Restitution Amount constitutes disgorgement or is properly characterized as the payment of statutory or other fines, penalties, punitive damages, or other punitive assessments.

11.6. Tax Cooperation and Reporting:

- 11.6.1. Upon request by any Settling Defendant, the Qualifying Settlement Class Members agree to perform such further acts and to execute and deliver such further documents as may be reasonably necessary for Settling Defendants to establish the statements set forth in Paragraph 11.5.2 to the satisfaction of their tax advisors, their independent financial auditors, the IRS, or any other governmental authority, including as contemplated by Treasury Regulations § 1.162-21(b)(3)(ii) and any subsequently proposed or finalized relevant regulations or administrative guidance. Without limiting the generality of the foregoing, each Qualifying Settlement Class Member shall cooperate in good faith with any Settling Defendant with respect to any Tax claim, dispute, investigation, audit, examination, contest, litigation, or other proceeding relating to this Settlement Agreement.

- 11.6.2. Each Qualifying Settlement Class Member agrees that, as a condition to its receipt of the Allocated Amount, it will provide the Claims Administrator with (a) a duly completed and executed IRS Form 1098-F with respect to each Settling Defendant (or other information return that may be required pursuant to Treasury Regulations Section 1.6050X-1(a)(1)) and a duly completed written statement that satisfies the requirements of Treasury Regulations Section 1.6050X-1(c) with respect to each Settling Defendant and (b) written authorization substantially in the form of Exhibit K attached hereto for the Claims Administrator to file such Forms 1098-F (or other information return that may be required pursuant to Treasury Regulations Section 1.6050X-1(a)(1)) with the IRS and to provide such written statement to each Settling Defendant on such Qualifying Settlement Class Member's behalf. Each Qualifying Settlement Class Member agrees that it will prepare any IRS Form 1098-F (or other information return that may be required pursuant to Treasury Regulations Section 1.6050X-1(a)(1)) and written statement required to be delivered pursuant to the preceding sentence in a manner fully consistent with Paragraph 11.5.2, including by reporting its portion of the Restitution Amount as "Restitution/remediation amount" in Box 3 of IRS Form 1098-F. The Claims Administrator shall advise each Qualifying Settlement Class Member of its Allocated Amount to facilitate compliance with this Paragraph 11.6.2. As may be mutually agreed by the Parties, this clause may be modified to facilitate submission of IRS Forms 1098-F as may be necessary.

12. RELEASE, COVENANT NOT TO SUE, AND DISMISSAL

12.1. Release.

- 12.1.1. Upon entry of the Final Judgment, the Releasing Persons shall have expressly, intentionally, voluntarily, fully, finally, irrevocably, and forever released, waived, compromised, settled, and discharged the Released Persons from any and all Claims arising out of or relating to conduct by, or liability of, Released Persons before the Settlement Date, (i) that arise from or relate to PFAS that entered Drinking Water of a Public Water System within the Settlement Class, its Water Sources, its facilities or real property, or any of its Test Sites at any time before the Settlement Date (as set forth in Paragraph 12.6); (ii) that arise from or relate to the development, manufacture, formulation, distribution, sale, transportation, storage, loading, mixing, application, or use of PFAS alone or in products that contain PFAS as an active ingredient, byproduct, or degradation product, including AFFF; (iii) for any type of relief with respect to the installation, maintenance, or operation of, and cost associated with any kind of treatment, filtration, remediation, testing, or monitoring of PFAS by any Settlement Class Member with respect to PFAS that entered Drinking Water of a Public Water System within the Settlement Class, its Water Sources, its facilities or real property, or any of its Test Sites at any time before the Settlement Date (as set forth in Paragraph 12.6); or (iv) that were or could have been asserted in the Litigation (all of the foregoing Claims, the "Released Claims").

- 12.1.2. Without limiting Paragraph 12.1.1, the Released Claims include Claims that arise out of or relate to the discharge, remediation, testing, monitoring, treatment or processing of water by a Public Water System within the Settlement Class (including stormwater or wastewater) with respect to PFAS that entered its Water Sources, its facilities or real property, or any of its Test Sites at any time before the Settlement Date (as set forth in Paragraph 12.6), *except* (a) where a Settlement Class Member also owns real property or owns or operates a facility that is separate from and not related to a Public Water System and does not provide Drinking Water (*e.g.*, a separate wastewater or stormwater system or airports or fire training facilities that are not related to a Public Water System), Claims relating to the discharge, remediation, testing, monitoring, treatment or processing of stormwater or wastewater at or by such separate real property or facility are preserved to the extent such Claims seek damages not arising from or relating to alleged harm to Drinking Water, or (b) if the EPA or a State establishes additional requirements (including a condition or requirement in a State-issued permit) after the Settlement Date with respect to the discharge, remediation, testing, monitoring, treatment or processing of PFAS-containing stormwater or wastewater, such Claims relating to stormwater or wastewater are preserved to the extent they seek to recover for additional compliance costs imposed on the Settlement Class Member by such new requirements above the compliance costs under laws, regulations, directives or requirements existing as of the Settlement Date.
- 12.1.3. Notwithstanding Paragraphs 12.1.1 and 12.1.2, (x) the Released Claims shall not include Claims that arise from or relate to a Test Site as to which PFAS is deemed under Paragraph 12.6 to have entered the water or facilities or real property of the Public Water System after the Settlement Date; and (y) any Releasing Person that is not a Public Water System but that is legally responsible for funding (by statute, regulation, other law, or contract) or that has authority to bring a Claim on behalf of, or to seek recovery for harm to, a Public Water System in the Settlement Class or the Public Water System's ability to provide safe or compliant Drinking Water, gives the release only to the extent of Claims that seek to recover for alleged harm to such Public Water System, and "Released Claims" shall not include other Claims of such Releasing Person.
- 12.1.4. This Agreement shall not release any Claims owned by a State or the federal government where brought, respectively, by the State or the federal government.
- 12.2. **Covenant Not to Sue.** The Releasing Persons shall not at any time hereafter, in any federal court, state court, arbitration, regulatory agency, or other tribunal or forum continue to prosecute, commence, file, initiate, institute, cause to be instituted, assist in instituting, or permit to be instituted on their, his, her, or its behalf, or on behalf of any other Person, any Claim alleging or asserting any Released Claims or challenging the validity of the release set forth in Paragraph 12.1 of this Settlement Agreement. If any such Claim exists in any court, tribunal or other forum as of the Effective Date, the Releasing Persons covenant, promise and agree to withdraw, and seek a dismissal with prejudice of, such proceeding forthwith. The Releasing Persons consent to the jurisdiction of this Court or, at Settling

Defendants' sole option, any other court having jurisdiction to enter an injunction barring them from commencing or prosecuting any Claim, or seeking other benefits, based upon the Released Claims.

- 12.3. **Dismissal.** In accordance with the foregoing release and covenant not to sue, from and after the Effective Date, all pending Litigation shall be dismissed with prejudice to the extent it contains Released Claims against Released Persons. The Order Granting Final Approval shall provide for such dismissals. Any plaintiff in a Litigation asserting Claims against Released Persons that the plaintiff believes are preserved under Paragraphs 12.1.2(a) or 12.1.3(y) shall execute a stipulation of partial dismissal with prejudice in the form provided for in Exhibit L within thirty (30) calendar days of the Effective Date; provided, however, that in the event that any such plaintiff fails to file the required stipulation of dismissal in a Litigation within thirty (30) calendar days of the Effective Date, such Litigation shall be dismissed by operation of the Order Granting Final Approval (x) with prejudice to the extent it contains Released Claims against Released Persons, and (y) without prejudice to the extent it contains Claims against Released Persons that are preserved under Paragraphs 12.1.2(a) or 12.1.3(y). With respect to any Claims that are not dismissed or that are dismissed without prejudice under this Paragraph, Released Persons shall retain all defenses, including the right to argue that the Claim is not preserved and is released.
- 12.4. **Injunction.** From and after the Effective Date, by operation of the Order Granting Final Approval, the Parties agree that each and every Settlement Class Member will be permanently barred and enjoined from commencing, filing, initiating, instituting, prosecuting, and/or maintaining any judicial, arbitral, or regulatory action with respect to any and all Released Claims.
- 12.5. **Exclusive Remedy.** The relief provided for in this Settlement Agreement shall be the sole and exclusive remedy for all Releasing Persons with respect to any Released Claims, and the Released Persons shall not be subject to liability or expense of any kind with respect to any Released Claims other than as set forth in this Settlement Agreement. The Parties agree, and the Order Granting Final Approval shall provide, that the relief provided in this Settlement Agreement fairly and adequately remedies any harm arising out of or relating to Public Water Systems in the Settlement Class to the extent allegedly caused by any Released Person that arises from or relates to PFAS in or affecting each such Public Water System or otherwise arises from or relates to any Released Claim. Nothing herein releases any Claim by any Releasing Person against any Non-Released Person.
- 12.6. **Future PFAS Discovery.** The following shall apply for purposes of applying the release provisions of this Section 12:
 - 12.6.1. Each Public Water System in the Settlement Class that submits a Claims Form (or any Entity that submits a Claims Form on behalf of such Public Water System) shall certify that it has tested all of its Test Sites for PFAS after U.S. EPA's announcement of the testing requirements of UCMR 5 using a methodology consistent with the requirements of UCMR 5 or applicable State requirements (if

stricter) (such methodology being the “Testing Methodology”); provided, however, that:

- (a) if a Test Site was tested on or before the Settlement Date and found to contain any PFAS at any level, such Test Site with a previous detection of PFAS need not be tested again and shall be treated for purposes of this Paragraph 12.6 as if it were tested under the Testing Methodology during the required time period, and
- (b) if a Public Water System has multiple Test Sites that are surface water intakes drawing from the same surface water source (*e.g.*, river, lake, reservoir), the Public Water System may perform the testing under the Testing Methodology required by this Paragraph 12.6.1 at either (i) each such Test Site; or (ii) an entry point to the distribution system fed by all such Test Sites, in which case the result of such testing (*i.e.*, detection or non-detection of PFAS) shall apply for purposes of this Paragraph 12.6 to all such Test Sites that feed the entry point.

12.6.2. If for any reason, a Public Water System in the Settlement Class does not certify that it has tested all of its Test Sites under the Testing Methodology before the UCMR 5 Deadline, the Public Water System (and all other Persons who are Releasing Persons by virtue of their relationship or association with such Public Water System) will be deemed to give the release set forth in Paragraph 12.1 in full, including as to all Claims relating to each of its Test Sites. Any PFAS detected in any of such Public Water System’s Drinking Water, Water Sources, Test Sites, facilities or real property, or discharge water after the Settlement Date shall be deemed to have entered the water or facilities or real property before the Settlement Date and thus to be within the temporal scope of the release.

12.6.3. If a Public Water System in the Settlement Class tests all of its Test Sites under the Testing Methodology before the UCMR 5 Deadline and detects PFAS at any level in all such Test Sites, the Public Water System (and all other Persons who are Releasing Persons by virtue of their relationship or association with such Public Water System) will be deemed to give the release set forth in Paragraph 12.1 in full, including as to all Claims relating to each of its Test Sites. Any PFAS detected in any of such Public Water System’s Drinking Water, Water Sources, Test Sites, facilities or real property, or discharge water after the Settlement Date shall be deemed to have entered the water or facilities or real property before the Settlement Date and thus to be within the temporal scope of the release.

12.6.4. If a Public Water System in the Settlement Class tests all of its Test Sites under the Testing Methodology before the UCMR 5 Deadline but after U.S. EPA’s announcement of the testing requirements of UCMR 5, and such testing detects no PFAS at any level in an individual Test Site, any PFAS subsequently detected in the same Test Site will be deemed to have entered the water after the Settlement Date and thus to be outside the temporal scope of the release. The Public Water System (and all other Persons who are Releasing Persons by virtue of their

relationship or association with such Public Water System) will be deemed to give the release set forth in Paragraph 12.1 as to all Claims except those Claims relating to the individual Test Site(s) in which no PFAS at any level was detected in testing under the Testing Methodology.

- 12.6.5. Notwithstanding Paragraph 12.6.4, if a Public Water System in the Settlement Class chooses to treat PFAS contamination at an aggregation point, any preservation of Claims under Paragraph 12.6.4 as to a Test Site that feeds that aggregation point shall be limited to Claims for recovery of additional costs (if any) of treating PFAS contamination at that aggregation point that arise from the subsequent detection of PFAS at that Test Site. Nothing in this Settlement Agreement shall obligate a Public Water System to treat PFAS contamination at an aggregation point.
- 12.6.6. Nothing in this Paragraph 12.6 shall be interpreted to bring within the scope of the release any Claim that is excepted from the release under Paragraph 12.1.2(a) or (b).

12.7. Protection Against Claims-Over.

- 12.7.1. The Order Granting Final Approval will specify that the Settlement is a good-faith settlement that bars any Claim by any Non-Released Person against any Released Person for contribution, indemnification, or otherwise seeking to recover all or a portion of any amounts paid by or awarded against that Non-Released Person to any Settlement Class Member or Releasing Person by way of settlement, judgment, or otherwise (a “Claim-Over”) on any Claim that would be a Released Claim were such Non-Released Person a Settling Defendant, to the extent that a good-faith settlement (or release thereunder) has such an effect under applicable law.
- 12.7.2. If a Released Claim asserted by a Settlement Class Member gives rise to a Claim-Over against a Released Person and a court determines that the Claim-Over can be maintained notwithstanding the order referenced in Paragraph 12.7.1, the Settlement Class Member shall reduce the amount of any judgment it obtains against the Non-Released Person who is asserting the Claim-Over by whatever amount is necessary, or take other action as is sufficient, to fully extinguish the Claim-Over under applicable law. Nothing herein prevents a Settlement Class Member from pursuing litigation against a Non-Released Person and collecting the full amount of any judgment, except to the extent it is necessary to protect the Released Person to fully extinguish a Claim-Over under applicable law.
- 12.7.3. To the extent that, on or after the Settlement Date, any Settlement Class Member enters into a settlement with any Non-Released Person on any Claim that would be a Released Claim were such Non-Released Person a Settling Defendant, the Settlement Class Member will obtain from such Non-Released Person a prohibition on contribution or indemnity of any kind, substantially equivalent to that required from Settling Defendants in Paragraph 12.7.4, or a release from such

Non-Released Person in favor of the Released Persons (in a form equivalent to the releases contained in this Settlement Agreement) of any Claim-Over.

- 12.7.4. No Released Person shall seek to recover for amounts paid under this Settlement Agreement based on contribution, indemnification or any other theory from any Non-Released Person; provided, however, that a Released Person shall be relieved of this prohibition with respect to any Non-Released Person that asserts a Claim-Over against it. For the avoidance of doubt, nothing herein shall prohibit a Released Person from recovering amounts owed pursuant to insurance contracts.
- 12.8. **Liens.** Each Settlement Class Member agrees to be responsible for any liens, interests, actions, or claims asserted by any third party, in a derivative manner, for or against the portion of Settlement Funds allocated to that Settlement Class Member, including without limitation, any derivative actions or claims asserted by any financial institutions, lenders, insurers, agents, representatives, successors, predecessors, assigns, attorneys, bankruptcy trustees, and any and all other Persons who may claim through them in a derivative manner.
- 12.9. **Waiver of Statutory Rights.** To the extent the provisions apply, the Settlement Class Members (on behalf of themselves and their associated Releasing Persons) expressly, knowingly, and voluntarily waive the provisions of Section 1542 of the California Civil Code, which provides as follows:

A general release does not extend to claims that the creditor or releasing party does not know or suspect to exist in his or her favor at the time of executing the release and that, if known by him or her, would have materially affected his or her settlement with the debtor or released party.

To the extent the provisions apply, the Settlement Class Members (on behalf of themselves and their associated Releasing Persons) likewise expressly, knowingly, and voluntarily waive the provisions of Section 20-7-11 of the South Dakota Codified Laws, which provides:

A general release does not extend to claims which the creditor does not know or suspect to exist in his favor at the time of executing the release, which if known by him must have materially affected his settlement with the debtor.

To the extent the laws apply, the Settlement Class Members (on behalf of themselves and their associated Releasing Persons) expressly waive and relinquish all rights and benefits that they may have under, or that may be conferred upon them by, Section 1542 of the California Civil Code, Section 20-7-11 of the South Dakota Codified Laws, and all similar laws of other States, to the fullest extent that they may lawfully waive such rights or benefits pertaining to the Released Claims. In connection with such waiver and relinquishment, the Settlement Class Members (on behalf of themselves and their associated Releasing Persons) acknowledge that they are aware that they or their attorneys

may hereafter discover claims or facts in addition to or different from those that they now know or believe to exist with respect to the Released Claims, but that it is their intention to accept and assume that risk and fully, finally, and forever release, waive, compromise, settle, and discharge all of the Released Claims against Released Persons. The release thus shall remain in effect notwithstanding the discovery or existence of any additional or different claims or facts.

13. MISCELLANEOUS PROVISIONS

- 13.1. **Continuing Jurisdiction.** The Court shall have and retain jurisdiction over the interpretation and implementation of this Settlement Agreement, as well as any and all matters arising out of, or related to, the interpretation or implementation of the Settlement Agreement.
- 13.2. **Cooperation.** The Parties shall cooperate fully with each other and shall use all reasonable efforts to obtain Court approval of the Settlement and all of its terms. Settling Defendants shall provide all information reasonably necessary to assist Class Representatives in the filing of any brief supporting approval of the Settlement. Class Representatives, Class Counsel, Settling Defendants, and Settling Defendants' Counsel agree to support this Settlement Agreement, to recommend its approval to the Court, and to use all reasonable efforts to give force and effect to its terms and conditions; provided, however, that no Party shall be required to agree to any modification to this Settlement Agreement or its Exhibits. Neither the Class Representatives, Class Counsel, Settling Defendants, Settling Defendants' agents, nor Settling Defendants' Counsel shall in any way encourage any objections to the Settlement (or any of its terms or provisions) or encourage any Settlement Class Member to file a Request for Exclusion.
- 13.3. **No Admission of Wrongdoing or Liability.** Settling Defendants do not admit or concede any liability or wrongdoing, acknowledge any validity to the Claims asserted in the Litigation, acknowledge that certification of a litigation class is appropriate as to any Claim, or acknowledge any weakness in the defenses asserted in the Litigation or any other suit, action, or proceeding, and nothing in this Settlement Agreement, the Order Granting Preliminary Approval, or the Order Granting Final Approval shall be interpreted to suggest anything to the contrary. Nothing in this Settlement Agreement, any negotiations, statements, communications, proceedings, filings, or orders relating thereto, or the fact that the Parties entered the Settlement Agreement and settled the Released Claims, shall be construed, deemed, or offered as an admission or concession by any of the Parties or Settlement Class Members or as evidentiary, impeachment, or other material available for use or subject to discovery in any suit, action, or proceeding (including the Litigation), except (i) as required or permitted to comply with or enforce the terms of this Settlement Agreement, the Order Granting Preliminary Approval, or the Order Granting Final Approval, or (ii) in connection with a defense based on *res judicata*, claim preclusion, collateral estoppel, issue preclusion, relative degree of fault, release, or other similar theory asserted by any of the Released Persons. The Settling Defendants retain full rights to contest the certification of any class for litigation purposes.

- 13.4. **No Admission as to PFAS.** Nothing in this Settlement Agreement, including the definition of PFAS, shall be used as evidence or an admission (or be construed as evidence or an admission) that any Settling Defendant developed, manufactured, formulated, distributed, sold, transported, stored, loaded, mixed, applied, or used PFAS alone or in products that contain PFAS as an active ingredient, byproduct, or degradation product, including AFFF, or otherwise had any contact or dealings with any particular PFAS.
- 13.5. **Amendment of Settlement Agreement.** No waiver, modification, or amendment of the terms of this Settlement Agreement or its Exhibits, made before or after Final Approval, shall be valid or binding unless in writing, signed by Class Counsel and by duly authorized signatories of each Settling Defendant, and then only to the extent set forth in such written waiver, modification or amendment, and subject to any required Court approval.
- 13.6. **Other Settlements.** In the event that any of Class Representatives or any of Class Counsel enter into another actual or proposed settlement with any defendant in the MDL between the Settlement Date and Final Approval that contains a definition of PFAS that differs from the definition set forth herein, Settling Defendants shall have the option, in their sole discretion, to substitute such different definition for the definition set forth herein.
- 13.7. **Construction of Settlement Agreement.** The Parties acknowledge as part of the execution hereof that this Settlement Agreement was reviewed and negotiated by their respective counsel and agree that the language of this Settlement Agreement shall not be presumptively construed against any of the Parties. This Settlement Agreement shall be construed as having been drafted by all the Parties, so that any rule of construction by which ambiguities are interpreted against the drafter shall have no force and effect.
- 13.8. **Arm's-Length Transaction.** The Parties each acknowledge that the negotiations leading up to this Settlement Agreement were conducted in good faith and at arm's length; this Settlement Agreement is made and executed by and of each Party's own free will; each Party knows all of the relevant facts and its rights in connection therewith; and each Party has not been improperly influenced or induced to agree to this Settlement as a result of any act or action on the part of any other Party or employee, agent, attorney, or representative of any other Party.
- 13.9. **Third-Party Beneficiaries.** This Settlement Agreement does not create any third-party beneficiaries, except Settlement Class Members and Released Persons other than Settling Defendants.
- 13.10. **Entire Agreement.** No representations, warranties, or inducements have been made to any of the Parties, other than those representations, warranties, and covenants contained in this Settlement Agreement. This Settlement Agreement, including its Exhibits, constitutes the entire agreement among the Parties and Settlement Class Members with regard to the subject matter contained herein, and supersedes and cancels all prior and contemporaneous agreements, negotiations, commitments, and understandings among the Parties with respect to the specific subject matter hereof.

- 13.11. **Binding Effect.** This Settlement Agreement shall be binding upon and inure to the benefit of the Parties, the Settlement Class Members, and the Released Persons, and their respective heirs, successors and assigns. This Settlement Agreement shall have such effect as provided by applicable law (*e.g.*, *res judicata*, reduction of alleged damages) on Claims by all Persons (including any Person who is excepted from the definition of Releasing Persons or the release in Paragraph 12.1) whether or not such Claims are released hereunder, and no Settlement Class Member shall (a) authorize any such other Person to bring a Released Claim on its behalf or to seek damages arising from harm to it within the scope of the release in Paragraph 12.1, or (b) provide any material or financial support to any such other Person in taking any of the actions referenced in clause (a). Consistent with Paragraph 4.3, the individual signing this Settlement Agreement on behalf each Settling Defendant hereby represents and warrants that s/he has the power and authority to enter into this Settlement Agreement on behalf of such Settling Defendant, as well as the power and authority to bind such Settling Defendant to this Settlement Agreement. Likewise, consistent with Paragraph 4.2, Class Counsel executing this Settlement Agreement represents and warrants that s/he has the authority to enter into this Settlement Agreement on behalf of Class Representatives and to bind Class Representatives.
- 13.12. **Waiver.** Any failure by any of the Parties to insist upon the strict performance by any of the other Parties of any of the provisions of this Settlement Agreement shall not be deemed a waiver of any of the provisions of this Settlement Agreement and such Party, notwithstanding such failure, shall have the right thereafter to insist upon the specific performance of any and all of the provisions of this Settlement Agreement.
- 13.13. **Specific Performance.** The Parties agree that money damages would not be a sufficient remedy for any breach of this Settlement Agreement, other than as to any term requiring payment of money, and each non-breaching Party shall be entitled to specific performance and injunctive or other equitable relief as a remedy for any such breach in addition to any other remedy available at law or in equity, without the necessity of demonstrating the inadequacy of money damages.
- 13.14. **Force Majeure.** The failure of any Party to perform any of its obligations hereunder shall not subject any Party to any liability or remedy for damages, or otherwise, where such failure is occasioned in whole or in part by Acts of God, fires, accidents, pandemics, other natural disasters, interruptions or delays in communications or transportation, labor disputes or shortages, shortages of material or supplies, governmental laws, rules or regulations of other governmental bodies or tribunals, acts or failures to act of any third parties, or any other similar or different circumstances or causes beyond the reasonable control of such Party.
- 13.15. **Confidentiality.** The Parties shall keep confidential the content of the negotiations, points of discussion, documents, communications, and supporting data utilized or prepared in connection with the negotiations and settlement discussions taking place in this case, except as otherwise required by law. Nothing in this Settlement Agreement shall prevent Settling Defendants from disclosing such information to their insurers if requested by those insurers. The Parties may, at their discretion, issue publicity, press release, or other public statements regarding this Settlement, whether unilaterally or as jointly agreed to in writing

by all Parties. Any jointly agreed or other statement shall not limit Settling Defendants' ability to provide information about the Settlement to their employees, accountants, attorneys, insurers, shareholders, or other stakeholders or in accordance with legal requirements, or to limit Class Counsel's ability to provide Notice or information about the Settlement to Settlement Class Members or in accordance with legal requirements.

- 13.16. **Exhibits.** All exhibits hereto are incorporated herein by reference as if set forth herein verbatim, and the terms of the exhibits are expressly made a part of this Settlement Agreement.
- 13.17. **Notices to Parties.** Any notice, request, instruction, or other document to be delivered pursuant to this Settlement Agreement shall be sent to the appropriate Party by (i) electronic mail; and (ii) overnight courier, delivery confirmation requested:

EXHIBIT A

EXHIBIT A: [PROPOSED] ORDER GRANTING PRELIMINARY APPROVAL

**UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF SOUTH CAROLINA
CHARLESTON DIVISION**

IN RE: AQUEOUS FILM-FORMING FOAMS PRODUCTS LIABILITY LITIGATION)))))	MDL No. 2:18-mn-2873
--	-----------------------	-----------------------------

**[PROPOSED] ORDER GRANTING
PRELIMINARY APPROVAL OF SETTLEMENT AGREEMENT**

Before the Court is the Motion of proposed Class Counsel for Preliminary Approval of Settlement Agreement (the “Preliminary Approval Motion”), pursuant to Rules 23(a), 23(b), and 23(e) of the Federal Rules of Civil Procedure, which seeks: (1) Preliminary Approval of the Settlement Agreement; (2) preliminary certification, for settlement purposes only, of the Settlement Class; (3) approval of the form of Notice to the Settlement Class; (4) approval of the Notice Plan; (5) appointment of Class Counsel; (6) appointment of Class Representatives; (7) appointment of the Notice Administrator; (8) appointment of the Claims Administrator; (9) appointment of the Special Master; (10) appointment of the Escrow Agent; (11) approval of the Escrow Agreement; (12) establishment of the Qualified Settlement Fund; (13) scheduling of a Final Fairness Hearing; and (14) a stay of all proceedings brought by Releasing Persons in the MDL and in other Litigation in any forum as to Settling Defendants, and an injunction against the filing of any new such proceedings.

WHEREAS, a proposed Settlement Agreement has been reached by and among (i) Class Representatives, individually and on behalf of the Settlement Class Members, by and through Class Counsel, and (ii) defendants The Chemours Company, The Chemours Company FC, LLC,

DuPont de Nemours, Inc., Corteva, Inc., and E.I. DuPont de Nemours and Company n/k/a EIDP, Inc.;

WHEREAS, the Court, for the purposes of this Order Granting Preliminary Approval, adopts all defined terms as set forth in the Settlement Agreement;

WHEREAS, this matter has come before the Court pursuant to the Preliminary Approval Motion;

WHEREAS, Settling Defendants do not oppose the Court's entry of this Order Granting Preliminary Approval;

WHEREAS, the Court finds that it has jurisdiction over the action and each of the Parties for purposes of settlement and asserts jurisdiction over the Class Representatives for purposes of considering and effectuating the Settlement Agreement;

[WHEREAS, the Court held a hearing on the Preliminary Approval Motion on _____, **2023**; and]

WHEREAS, the Court has considered all of the presentations and submissions related to the Preliminary Approval Motion and, having presided over and managed the proceedings in the MDL as Transferee Judge since December 7, 2018, pursuant to the Transfer Order of the same date, is familiar with the facts, contentions, claims, and defenses as they have developed in these proceedings, and is otherwise fully advised of all relevant facts in connection therewith;

IT IS HEREBY ORDERED AS FOLLOWS:

I. PRELIMINARY APPROVAL OF SETTLEMENT AGREEMENT

1. The Court finds that the requirements of Rules 23(a)(1)-(4), 23(b), and 23(e) of the Federal Rules of Civil Procedure have been satisfied for purposes of preliminary approval of the Settlement Agreement, such that notice of the Settlement Agreement should be directed to Settlement Class Members and a Final Fairness Hearing should be set.

2. The Settlement Agreement, including all Exhibits attached thereto, is preliminarily approved by the Court.

II. FINDINGS REGARDING THE SETTLEMENT CLASS

3. The Settlement Class consists of, only for purposes of the Settlement Agreement:

- (a) All Public Water Systems in the United States of America that draw or otherwise collect from any Water Source that, on or before the Settlement Date, was tested or otherwise analyzed for PFAS and found to contain any PFAS at any level; and
- (b) All Public Water Systems in the United States of America that, as of the Settlement Date, are (i) subject to the monitoring rules set forth in UCMR 5 (*i.e.*, “large” systems serving more than 10,000 people and “small” systems serving between 3,300 and 10,000 people), or (ii) required under applicable state or federal law to test or otherwise analyze any of their Water Sources or the water they provide for PFAS before the UCMR 5 Deadline.

4. The following are excluded from the Settlement Class:

- (a) Any Public Water System that is located in Bladen, Brunswick, Columbus, Cumberland, New Hanover, Pender, or Robeson counties in North Carolina; provided, however, that any such system otherwise falling within clauses (a) or (b) of Paragraph 3 of this Order will be included within the Settlement Class if it so requests.
- (b) Any Public Water System that is owned and operated by a State government and cannot sue or be sued in its own name, which systems

within clauses (a) and (b)(i) of Paragraph 3 of this Order are listed in Exhibit I to the Settlement Agreement.

(c) Any Public Water System that is owned and operated by the federal government and cannot sue or be sued in its own name, which systems within clauses (a) and (b)(i) of Paragraph 3 of this Order are listed in Exhibit J to the Settlement Agreement.

(d) Any privately owned well or surface water system that is not owned by, used by, or otherwise part of, and does not draw water from, a Public Water System within the Settlement Class.

5. The Court finds that it will likely be able to certify the Settlement Class for purposes of judgment on the proposed Settlement Agreement. The Settlement Class is likely to meet the numerosity, commonality, typicality, and adequacy requirements of Rule 23(a)(1)-(4) of the Federal Rules of Civil Procedure and the predominance and superiority requirements of Rule 23(b)(3) of the Federal Rules of Civil Procedure.

6. The following Class Representatives are preliminarily appointed for purposes of the Settlement: City of Camden Water Services; City of Brockton; City of Sioux Falls; California Water Service Company; City of Delray Beach; Coraopolis Water & Sewer Authority; Verona; Dutchess County Water and Wastewater Authority and Dalton Farms Water System; South Shore; City of Freeport; Martinsburg Municipal Authority; Seaman Cottages; Village of Bridgeport; City of Benwood; Niagara County; City of Pineville; City of Iuka; and City of Amory.

7. Michael A. London and the law firm of Douglas & London; Scott Summy and the law firm of Baron & Budd; Paul J. Napoli and the law firm of Napoli Shkolnik; and Elizabeth

Fegan and the law firm of Fegan Scott LLC are preliminarily appointed as Class Counsel under Rule 23(g)(3) of the Federal Rules of Civil Procedure.

III. FINDINGS REGARDING THE SETTLEMENT AGREEMENT

8. Under Rule 23(e)(2) of the Federal Rules of Civil Procedure, in order to approve the proposed Settlement Agreement, the Court must determine whether it is fair, reasonable, and adequate. Rule 23(e)(2) sets forth factors that the Court must consider in reaching that determination.

9. The Parties have provided the Court sufficient information, including in the Preliminary Approval Motion and related submissions and presentations, to enable the Court to determine whether to give notice of the proposed Settlement Agreement to the Settlement Class. The proposed Settlement Agreement is the product of intensive, arm's-length, non-collusive negotiations overseen by the Court-appointed mediator, Honorable Layn Phillips; has no obvious deficiencies; does not improperly grant preferential treatment to the Class Representatives; and is fair, reasonable, and adequate. Accordingly, the Court has taken the Rule 23(e)(2) factors and applicable precedent into account in finding that it will likely be able to approve the proposed Settlement Agreement as fair, reasonable, and adequate.

10. The Court finds that it will likely be able to approve, under Rule 23(e)(2) of the Federal Rules of Civil Procedure, the proposed Settlement Agreement.

IV. NOTICE TO SETTLEMENT CLASS MEMBERS

11. Under Rule 23(c)(2) of the Federal Rules of Civil Procedure, the Court finds that the Notice set forth in Exhibit E to the Settlement Agreement, the Summary Notice set forth in Exhibit F to the Settlement Agreement, and the Notice Plan set forth in Exhibit G to the Settlement Agreement, (a) is the best practicable notice; (b) is reasonably calculated under the circumstances to apprise Settlement Class Members of the pendency of this action and the Settlement Agreement

and of their right to object to or exclude themselves from the proposed Settlement Class; (c) is reasonable and constitutes due, adequate, and sufficient notice to all Persons entitled to receive notice; and (d) meets all applicable requirements of Rule 23 of the Federal Rules of Civil Procedure, the United States Constitution (including the Due Process Clause), and other applicable laws and rules.

12. The Court approves the Notice, the Summary Notice, and the Notice Plan, and hereby directs that the Notice and the Summary Notice be disseminated pursuant to the Notice Plan to Settlement Class Members under Rule 23(e)(1) of the Federal Rules of Civil Procedure.

13. The Notice Plan shall commence no later than fourteen (14) calendar days after entry of this Order Granting Preliminary Approval, on _____, **2023**, so as to commence the period during which Settlement Class Members may opt out from the Settlement Class and Settlement or object to the Settlement.

V. PROCEDURE FOR REQUESTS FOR EXCLUSION AND OBJECTIONS

14. The procedure for Requests for Exclusion set forth in Paragraph 9.7 of the Settlement Agreement and the instructions in the Notice regarding the procedures that must be followed to opt out of the Settlement Class and Settlement are approved.

15. Any Settlement Class Member wishing to opt out of the Settlement Class and Settlement must submit a written Request for Exclusion to the Notice Administrator, and serve a copy of such written request on Class Counsel and Settling Defendants' Counsel at the addresses set forth in the Notice. Such written request must be received by the Notice Administrator no later than the date sixty (60) calendar days following the commencement of the Notice Plan (as described in Paragraph 13 of this Order), which is the last day of the opt out period. The last day of the opt out period is _____, **2023**.

16. To be effective, the Request for Exclusion must certify, under penalty of perjury in accordance with 28 U.S.C. § 1746, that the filer has been legally authorized to exclude the Person from the Settlement and must: (a) provide an affidavit or other proof of the standing of the Person requesting exclusion and why they would be a Settlement Class Member absent the Request for Exclusion; (b) provide the filer's name, address, telephone and facsimile number and email address (if available); (c) provide the name, address, telephone number, and e-mail address (if available) of the Person whose exclusion is requested; and (d) be received by the Notice Administrator no later than the date specified in Paragraph 15 of this Order. No "mass," "class," "group" or otherwise combined Request for Exclusion shall be valid, and no Person within the Settlement Class may submit a Request for Exclusion on behalf of any other Settlement Class Member. Any Settlement Class Member that does not submit a timely and valid Request for Exclusion submits to the jurisdiction of the Court and, unless the Settlement Class Member submits an Objection that complies with the provisions of Paragraphs 19 through 21 of this Order, shall waive and forfeit any and all objections the Settlement Class Member may have asserted.

17. Pursuant to Section 10 of the Settlement Agreement, the Settling Defendants shall have the option, in their sole discretion, to terminate the Settlement Agreement following notice of Requests for Exclusion if any of the conditions set forth in Paragraph 10.1 of the Settlement Agreement are satisfied. Settling Defendants shall have until fourteen (14) Business Days after the deadline for submitting Requests for Exclusion set forth in Paragraph 15 of this Order to provide Class Counsel notice of their exercise of the Walk-Away Right. The Notice Administrator shall provide Settling Defendants access to all Requests for Exclusion as they are served on the Notice Administrator.

18. The procedure for objecting to the Settlement or to an award of fees or expenses to Class Counsel, as set forth in Paragraph 9.6 of the Settlement Agreement, is approved.

19. A Settlement Class Member who wishes to object to the Settlement or to an award of fees or expenses to Class Counsel must file a written and signed statement designated “Objection” with the Clerk of the Court and serve a copy of such Objection on Class Counsel and Settling Defendants’ Counsel at the addresses set forth in the Notice. All Objections must certify, under penalty of perjury in accordance with 28 U.S.C. § 1746, that the filer has been legally authorized to object on behalf of the Settlement Class Member and must provide (a) an affidavit or other proof of the Settlement Class Member’s standing; (b) the name, address, telephone and facsimile number and email address (if available) of the filer and the Settlement Class Member; (c) the name, address, telephone, and facsimile number and email address (if available) of any counsel representing the Settlement Class Member; (d) all objections asserted by the Settlement Class Member and the specific reason(s) for each objection, including all legal support and evidence the Settlement Class Member wishes to bring to the Court’s attention; (e) an indication as to whether the Settlement Class Member wishes to appear at the Final Fairness Hearing; and (f) the identity of all witnesses the Settlement Class Member may call to testify.

20. All Objections shall be filed and served no later than the date sixty (60) calendar days following the commencement of the Notice Plan (as described in Paragraph 13 of this Order), which is the last day of the objection period. The last day of the objection period is _____, **2023**. Any Objection not filed and served by such date shall be deemed waived.

21. A Settlement Class Member may object either on its own or through an attorney hired at that Settlement Class Member’s own expense, provided the Settlement Class Member has

not submitted a written Request for Exclusion. An attorney asserting objections on behalf of a Settlement Class Member must, no later than the deadline for filing Objections specified in Paragraph 20 of this Order, file a notice of appearance with the Clerk of Court and serve a copy of such notice on Class Counsel and Settling Defendants' Counsel at the addresses set forth in the Notice.

22. Any Settlement Class Member who fully complies with the provisions of Paragraph 9.6 of the Settlement Agreement and Paragraphs 19 through 21 of this Order may, in the Court's discretion, appear at the Final Fairness Hearing to object to the Settlement or to the award of fees and costs to Class Counsel. Any Settlement Class Member who fails to comply with the provisions of Paragraph 9.6 of the Settlement Agreement and Paragraphs 19 through 21 of this Order shall waive and forfeit any and all objections the Settlement Class Member may have asserted.

Before the Court is the Motion of Class Counsel for Final Approval of Settlement Agreement (the “Final Approval Motion”), pursuant to Rules 23(a), 23(b), and 23(e) of the Federal Rules of Civil Procedure, which seeks (1) Final Approval of the Settlement Agreement; (2) final certification, for settlement purposes only, of the Settlement Class; (3) a judgment dismissing Claims in the Litigation asserted by Settlement Class Members against Released Persons, and (4) a permanent injunction prohibiting any Settlement Class Member from asserting or pursuing any Released Claim against any Released Person in any forum.

WHEREAS, a proposed Settlement Agreement has been reached by and among (i) Class Representatives, individually and on behalf of the Settlement Class Members, by and through Class Counsel, and (ii) defendants The Chemours Company, The Chemours Company FC, LLC, DuPont de Nemours, Inc., Corteva, Inc., and E.I. DuPont de Nemours and Company n/k/a EIDP, Inc.;

WHEREAS, the Court, for the purposes of this Final Order and Judgment, adopts all defined terms as set forth in the Settlement Agreement;

WHEREAS, on _____, **2023**, the Court entered an Order Granting Preliminary Approval that, among other things: (1) preliminarily approved the Settlement Agreement; (2) preliminarily certified the Settlement Class, for settlement purposes only; (3) approved the Notice, Summary Notice, and Notice Plan and directed that notice be disseminated to Settlement Class Members according to the Notice Plan; (4) appointed Class Counsel and Class Representatives; (5) scheduled a Final Fairness Hearing to consider final approval of the Settlement Agreement; and (6) stayed all proceedings in the MDL and other Litigation as to Settling Defendants;

WHEREAS, in the Settlement Agreement, the Settlement Class is defined as follows: (a) all Public Water Systems in the United States of America that draw or otherwise collect from any Water Source that, on or before the Settlement Date, was tested or otherwise analyzed for PFAS and found to contain any PFAS at any level; and (b) all Public Water Systems in the United States of America that, as of the Settlement Date, are (i) subject to the monitoring rules set forth in UCMR 5 (*i.e.*, “large” systems serving more than 10,000 people and “small” systems serving between 3,300 and 10,000 people), or (ii) required under applicable state or federal law to test or otherwise analyze any of their Water Sources or the water they provide for PFAS before the UCMR 5 Deadline;

WHEREAS, Paragraph 5.1.2 of the Settlement Agreement specifies certain exclusions from the Settlement Class;

WHEREAS, on _____, **202**, the Court held the Final Fairness Hearing to consider whether the Settlement Agreement was fair, reasonable, adequate, and in the best interests of the Settlement Class; and

WHEREAS, the Court has considered all of the presentations and submissions related to the Final Approval Motion, including arguments of counsel for the Parties and of the Persons who appeared at the Final Fairness Hearing, and having presided over and managed the proceedings in the MDL as Transferee Judge since December 7, 2018, pursuant to the Transfer Order of the same date, is familiar with the facts, contentions, claims, and defenses as they have developed in these proceedings, and is otherwise fully advised of all relevant facts in connection therewith;

IT IS HEREBY ORDERED AS FOLLOWS:

1. This Final Order and Judgment certifies the Settlement Class under Rule 23 of the Federal Rules of Civil Procedure for settlement purposes only.

2. The Court finds that the requirements of Rules 23(a) and 23(b)(3) of the Federal Rules of Civil Procedure are met. The Court finds that for settlement purposes: (a) the Settlement Class Members are ascertainable; (b) the Settlement Class Members are so numerous that their joinder is impracticable; (c) there are questions of law and fact common to the Settlement Class; (d) the claims of the Class Representatives are typical of the Settlement Class Members; (e) the Class Representatives and Class Counsel have fairly and adequately represented and protected the interests of all Settlement Class Members; and (f) the questions of law or fact common to the Settlement Class predominate over any questions affecting only individual Settlement Class Members, and a class action is superior to other available methods for the fair and efficient resolution of the controversy.

3. The Court confirms the appointment as Class Representatives of _____, who were preliminarily approved in the Order Granting Preliminary Approval.

4. Pursuant to Rule 23(g) of the Federal Rules of Civil Procedure, the Court confirms the appointment as Class Counsel of Michael A. London and the law firm of Douglas &

London; Scott Summy and the law firm of Baron & Budd; Paul J. Napoli and the law firm of Napoli Shkolnik; and Elizabeth Fegan and the law firm of Fegan Scott LLC, who were preliminarily approved in the Order Granting Preliminary Approval.

5. If a proposed settlement class satisfies Rules 23(a) and (b) of the Federal Rules of Civil Procedure, the Court must determine whether the settlement itself is fair, reasonable, and adequate. *See* Fed. R. Civ. P. 23(e)(2) (enumerating factors the Court must consider). The Court has analyzed the Rule 23(e)(2) factors in light of applicable precedent and has concluded that the Settlement Agreement is fair, reasonable, and adequate.

- a. Class Counsel and the Class Representatives have adequately represented the Settlement Class;
- b. The Settlement Agreement was negotiated at arm's length under the supervision of the Court-appointed mediator, Honorable Layn Phillips and is recommended by experienced Counsel;
- c. The relief provided to the Settlement Class is reasonable, adequate, and fair, taking into account relative strength of the parties' cases as well as the uncertainties of litigation on the merits; the risk, complexity, expense and likely duration of the litigation; and the stage of the litigation, including the factual record developed by the parties; the costs, risks, and delay of trial and appeal in the absence of settlement; the effectiveness of the proposed methods of distributing the Settlement Agreement relief to the Settlement Class; the terms and timing of the proposed fee award; and any agreement required to be identified under Rule 23(e)(3).
- d. The Settlement Agreement treats Settlement Class Members equitably relative to each other.

6. Therefore, pursuant to, and in accordance with, Rule 23 of the Federal Rules of Civil Procedure, the Court hereby fully and finally approves the Settlement Agreement in its entirety and finds that the Settlement Agreement is fair, reasonable, and adequate. The Court also finds that the Settlement Agreement is in the best interests of the Class Representatives and all Settlement Class Members, and is consistent and in compliance with all applicable laws and rules. The Court further finds that the Settlement Agreement is the product of intensive, thorough, serious, informed, and non-collusive negotiations overseen by the Court-appointed mediator. The Court further finds that the Parties have evidenced full compliance with the Order Granting Preliminary Approval.

7. The Settlement Class Members and Settling Defendants are ordered to implement, perform, and consummate each of the obligations set forth in the Settlement Agreement in accordance with its terms.

8. All objections to the Settlement Agreement are found to be without merit and are overruled.

9. Notice in the form of the Notice and Summary Notice was provided to Settlement Class Members pursuant to the Notice Plan approved in the Order Granting Preliminary Approval, including direct mailing where practicable. Class Counsel worked together with the Notice Administrator to fashion a Notice Plan that was tailored to the Settlement Class Members. Class Counsel have established that the Notice Plan was implemented.

10. The Court finds that the Notice and Summary Notice disseminated pursuant to the Notice Plan: (a) was implemented in accordance with the Order Granting Preliminary Approval; (b) constituted the best notice practicable under the circumstances; (c) constituted notice that was reasonably calculated, under the circumstances, to apprise Settlement Class Members

(i) of the effect of the Settlement Agreement, (ii) of the amount of attorneys' fees and costs sought by Class Counsel, (iii) of their right to submit a Request for Exclusion or to object to any aspect of the Settlement Agreement, and (iv) of their right to appear at the Final Fairness Hearing; (d) constituted due, adequate, and sufficient notice to all Persons entitled to receive notice of the Settlement Agreement; and (e) satisfied the requirements of Rule 23 of the Federal Rules of Civil Procedure, the United States Constitution (including the Due Process Clause) and other applicable laws and rules.

11. Settling Defendants complied with the Class Action Fairness Act of 2005, 28 U.S.C. §§ 1332(d), 1453, 1711-1715, and its notice requirements by providing appropriate federal and state officials with information about the Settlement Agreement.

12. As set forth in Section 12 of the Settlement Agreement, the Releasing Persons have expressly, intentionally, voluntarily, fully, finally, irrevocably, and forever released, waived, compromised, settled, and discharged the Released Persons from any and all Released Claims. Accordingly, the Court hereby orders the dismissal, without further costs, of each case in the MDL and all other pending Litigation brought by or on behalf of a Releasing Person in any forum or jurisdiction (whether federal, state, or otherwise) with prejudice to the extent it contains Released Claims against Released Persons. Any plaintiff in a Litigation asserting Claims against Released Persons that the plaintiff believes are preserved under Paragraphs 12.1.2(a) or 12.1.3(y) of the Settlement Agreement shall execute a stipulation of partial dismissal with prejudice in the form provided for in Exhibit L to the Settlement Agreement within thirty (30) calendar days of the Effective Date; provided, however, that in the event that any such plaintiff fails to file the required stipulation of dismissal in a Litigation within thirty (30) calendar days of the Effective Date, such Litigation shall be dismissed by operation of this Order Granting Final Approval (x) with prejudice

to the extent it contains Released Claims against Released Persons, and (y) without prejudice to the extent it contains Claims against Released Persons that are preserved under Paragraphs 12.1.2(a) or 12.1.3(y) of the Settlement Agreement. With respect to any Claims that are not dismissed or that are dismissed without prejudice under this Paragraph, Released Persons shall retain all defenses, including the right to argue that the Claim is not preserved and is released.

13. All Releasing Persons are permanently barred and enjoined from commencing, filing, initiating, instituting, prosecuting, and/or maintaining any judicial, arbitral, or regulatory action, in any forum or jurisdiction (whether federal, state, or otherwise), with respect to any and all Released Claims or challenging the validity of the releases under the Settlement Agreement. Upon the Effective Date, the injunction set forth in this Paragraph shall supersede the stay and injunction set forth in the Order Granting Preliminary Approval.

14. The relief provided in the Settlement Agreement shall be the exclusive remedy by or on behalf of any and all Releasing Persons with respect to Released Claims, and the Released Persons shall not be subject to liability or expense of any kind with respect to any Released Claims other than as set forth in the Settlement Agreement. The Court finds that the relief provided in the Settlement Agreement fairly and adequately remedies any harm arising out of or relating to Public Water Systems in the Settlement Class to the extent allegedly caused by any Released Person that arises from or relates to PFAS in or affecting each such Public Water System or otherwise arises from or relates to any Released Claim. The Court finds that the Settlement is a good-faith settlement that, by operation of this Final Order and Judgment, has preclusive effect as to any other attempt to seek recovery from a Released Person for alleged harm to a Public Water System that is a Settlement Class Member.

15. The Court finds that the Settlement is a good-faith settlement that bars any Claim by any Non-Released Person against any Released Person for contribution, indemnification, or otherwise seeking to recover all or a portion of any amounts paid by or awarded against that Non-Released Person to any Settlement Class Member or Releasing Person by way of settlement, judgment, or otherwise on any Claim that would be a Released Claim were such Non-Released Person a Settling Defendant, to the extent that a good-faith settlement (or release thereunder) has such an effect under applicable law, including, without limitation, S.C. Code Ann. § 15-38-50 and similar laws in other states or jurisdictions.

16. As set forth in the Order Granting Preliminary Approval, the Court confirms the appointment of Matthew Garretson of Wolf/Garretson LLC as the Special Master; Steven Weisbrot of Angeion Group as the Notice Administrator; Dustin Mire of Eisner Advisory Group as the Claims Administrator; and Robyn Griffin of Huntington National Bank as the Escrow Agent.

17. The Court retains continuing and exclusive jurisdiction over the Parties and their counsel, all Settlement Class Members, the Special Master, the Notice Administrator, the Claims Administrator, the Escrow Agent, and the Settlement Agreement, to interpret, implement, administer, and enforce the Settlement Agreement and this Final Order and Judgment. In addition, the Parties and the Settlement Class Members are hereby deemed to have submitted to the exclusive jurisdiction of the Court for any suit, action, proceeding, or dispute arising from, resulting from, in any way relating to or in connection with the Settlement Agreement. The Court also retains continuing jurisdiction over the Qualified Settlement Fund.

18. This Final Order and Judgment incorporates and makes a part hereof the Settlement Agreement (which includes the Exhibits) filed with the Court on _____, 2023, including definitions of the terms used therein. This Final Order and Judgment shall serve as an

enforceable injunction by the Court for purposes of the Court's continuing jurisdiction related to the Settlement Agreement.

19. This Final Order and Judgment, the Order Granting Preliminary Approval, the Settlement Agreement, and the documents, filings, and proceedings relating thereto, and any actions taken by the Settling Defendants in the negotiation, execution, entry into, or satisfaction of the Settlement Agreement: (a) do not, and shall not be construed or interpreted to, admit or concede any liability or wrongdoing of any Settling Defendant, acknowledge any validity to the Claims asserted in the Litigation, acknowledge that certification of a litigation class is appropriate as to any Claim, or acknowledge any weakness in the defenses asserted in the Litigation or any other suit, action, or proceeding; and (b) shall not be construed, deemed, or offered as an admission or concession by any of the Parties or Settlement Class Members or as evidentiary, impeachment, or other material available for use or subject to discovery in any suit, action, or proceeding (including the Litigation), except (i) as required or permitted to comply with or enforce the terms of the Settlement Agreement, the Order Granting Preliminary Approval, or this Final Order and Judgment, or (ii) in connection with a defense based on *res judicata*, claim preclusion, collateral estoppel, issue preclusion, relative degree of fault, release, or other similar theory asserted by any of the Released Persons. In the event that the Settlement Agreement does not become effective pursuant to its terms, the Settling Defendants retain full rights to contest certification of any class for litigation purposes.

20. Without further approval from the Court, and without the express written consent of Class Counsel and Settling Defendants' Counsel, on behalf of all Parties, the Settlement Agreement is not subject to any change, modification, amendment, or addition.

21. The terms of the Settlement Agreement and of this Final Order and Judgment are forever binding on the Parties and Settlement Class Members, as well as their respective heirs, executors, administrators, predecessors, successors, affiliates, and assigns. Settlement Class Members include all Persons within the definition of the Settlement Class in Paragraph 5.1 of the Settlement Agreement and who did not submit timely and valid Requests for Exclusion that were recognized as such in accordance with the procedures in the Settlement Agreement and the Order Granting Preliminary Approval.

22. Class Counsel are hereby awarded attorneys' fees, costs, and expenses in the amount of _____. Pursuant to Paragraph 11.2 of the Settlement Agreement, such amount shall be paid from the Qualified Settlement Fund by the Escrow Agent to Class Counsel, upon production to the Escrow Agent of a copy of this Order, no later than fourteen (14) calendar days after the Effective Date, if such date occurs. Settling Defendants shall have no obligation for such amounts.

23. The "holdback assessment" required by Case Management Order No. 3 (Entry No. 72), entered by the Court on April 26, 2019, shall be assessed upon the Effective Date, before any portion of the Settlement Funds is distributed to Settlement Class Members or Class Counsel.

24. In the event that the Settlement does not reach Final Judgment, this Final Order and Judgment, the Order Granting Preliminary Approval, and any other orders of the Court relating to the Settlement Agreement shall be deemed vacated, null and void, and of no further force or effect, except as otherwise provided by the Settlement Agreement, and any unexpended Settlement Funds shall be returned to Settling Defendants as provided in Paragraph 9.10 of the Settlement Agreement.

SO ORDERED this _____ day of _____, 202__.

United States District Judge

The Claims Administrator may also seek the assistance of Interim Class Counsel's consultants who assisted in designing the Allocation Procedures.

1. Allocation Procedures Overview

- (a) Qualifying Settlement Class Members fall into one of two categories: Phase One Qualifying Settlement Class Members or Phase Two Qualifying Settlement Class Members, as defined below. Phase One Qualifying Settlement Class Members will be allocated 55% of the Settlement Funds for Phase One, and the remainder of the Settlement Funds will be allocated to Phase Two Qualifying Settlement Class Members.¹
- (b) A Settlement Class Member will not be allocated or receive its share of the Settlement Funds if it does not timely complete and submit the appropriate Claims Form(s).
- (c) The Claims Administrator will verify that each Person that submitted a Claims Form is a Qualifying Settlement Class Member and the category into which the Qualifying Settlement Class Member falls.
 - (i) A Phase One Qualifying Settlement Class Member is a Public Water System in the United States of America that draws or otherwise collects from any Water Source that, on or before the Settlement Date, was tested or otherwise analyzed for PFAS and found to contain any PFAS at any level.
 - (ii) Phase One Qualifying Settlement Class Members may receive an Allocated Amount of Settlement Funds from one or more of the following five separate payment sources as determined by the Claims Administrator using criteria described below:
 - (a) Phase One Very Small Public Water System Payments;
 - (b) Phase One Inactive Impacted Water System Payments;
 - (c) Phase One Action Fund;
 - (d) Phase One Supplemental Fund;
 - (e) Phase One Special Needs Fund;
 - (iii) .
 - (iv) A Phase Two Qualifying Settlement Class Member is a Public Water System in the United States of America that:
 - (a) is not a Phase One Qualifying Settlement Class Member and
 - (b) is subject to the monitoring rules set forth in UCMR 5 or is required under applicable state or federal law to test or otherwise analyze any of their Water Sources or the

water they provide for PFAS before the UCMR 5 deadline.

- (v) Phase Two Qualifying Settlement Class Members may receive Settlement Funds from one or more of the following five separate sources, as as determined by the Claims Administrator using criteria described below:
 - (a) Phase Two Very Small Public Water System Payments;
 - (b) Phase Two Baseline Testing Payments;
 - (c) Phase Two Action Fund;
 - (d) Phase Two Supplemental Fund; and
 - (e) Phase Two Special Needs Fund
- (d) The initial step for establishing Class Membership and eligibility for compensation from any of the Settlement Funds is the completion of the appropriate Claims Form(s). The term “Claims Form” may refer to any of seven separate forms:
 - (i) Phase One Public Water System Claims Form;
 - (ii) Phase One Supplemental Fund Claims Form;
 - (iii) Phase One Special Needs Fund Claims Form;
 - (iv) Phase Two Testing Claims Form;
 - (v) Phase Two Public Water System Claims Form;
 - (vi) Phase Two Supplemental Fund Claims Form; and
 - (vii) Phase Two Special Needs Fund Claims Form.
- (e) These Claims Forms will be available online and can be submitted to the Claims Administrator electronically or on paper. Putative Settlement Class Members can begin providing information required by the Claims Forms once an Order Granting Preliminary Approval has been issued, then finalize submission following the Effective Date. The Claims Administrator will not assess (other than for deficiencies) or score Claims Forms or make any payment until after the Effective Date, although the Claims Administrator may notify the Settlement Class Member of any deficiency in the submission prior to that time.
- (f) The Claims Forms will vary depending on whether a Person is a Phase One Qualifying Settlement Class Member or Phase Two Qualifying Settlement Class Member and on the specific sources from which compensation is sought.

Based on this data, the Claims Administrator will then confirm whether each Person is a Phase One Qualifying Settlement Class Member or a Phase Two Qualifying Settlement Class Member, determine the amount each Person should be allocated from each source from which the Person seeks compensation. Should any portion of the Settlement Funds remain following the completion of the claims process, it will be distributed to Phase One Qualifying Settlement Class Members who qualify for the Phase One Action Fund and Phase Two Qualifying Settlement Class Members who qualify for the Phase Two Action Fund in proportion to the Allocated Amount to each Person from each fund. None of any such remaining Settlement Funds shall be returned to the Settling Defendants.
- (h) The Claims Administrator shall not allow for duplicate recoveries for PFAS in or entering a Qualifying Settlement Class Member's Public Water System.
- (i) Submission of the relevant Public Water System Settlement Claims Forms will be considered timely if made within the Claims Period specified for each Claims Form below.

2. **Verification of Qualifying Settlement Class Members**

- (a) The Claims Administrator will first verify that **each** Person is a Qualifying Settlement Class Member and meets all the following criteria:
 - (i) The Person is or owns a Public Water System in the United States;
 - (ii) The Public Water System is identified in the U.S. EPA Safe Drinking Water Information System as one of the following:
 - (a) Community Water System,
 - (b) Non-Transient Non-Community Water System, or
 - (c) Transient Non-Community Water System?
- (b) The Claims Administrator will then determine whether the Qualifying Settlement Class Member meets at least one of the following criteria:
 - (i) The Public Water System draws or otherwise collects water from any Water Source that is an Impacted Water Source.
 - (ii) The Public Water System, as of June 30, 2023, is:
 - (a) Subject to the monitoring rules set forth in UCMR 5 (i.e., "large" systems serving more than 10,000 people and "small" systems serving between 3,300 and 10,000 people), or

- (b) Required under applicable federal or state law to test or otherwise analyze any of its Water Sources for PFAS before the UCMR 5 deadline.
- (c) The following Public Water Systems are excluded as Qualifying Settlement Class Members:
 - (i) Any Public Water System that is in Bladen, Brunswick, Columbus, Cumberland, New Hanover, Pender, or Robeson counties in North Carolina; absent a request by these Public Water Systems to be included as a Qualifying Settlement Class Member.
 - (ii) Any Public Water System owned and operated by a state government, that cannot sue or be sued in its own name.
 - (iii) Any Public Water System owned and operated by the federal government, that cannot sue or be sued in its own name.
 - (iv) Any privately owned well or surface water system that is not owned by, used by, or otherwise part of, and does not draw water from, a Public Water System within the Settlement Class.

3. **Validation of Data**

- (a) The Claims Administrator will review the information provided on a Qualifying Settlement Class Member's relevant Claims Form(s) to ensure it is complete. Each Impacted Water Source identified by a Qualifying Settlement Class Member shall be submitted with verified supporting documentation as specified in the Claims Form(s).
- (b) The Claims Administrator will examine each Impacted Water Source's test results to confirm that all sample results are Qualifying Test Results. Test results must be submitted from untreated (raw) water samples, except that a result showing a detection of PFAS in a treated (finished) water sample may be used. However, all samples must be drawn from a source of water that is or was utilized by the Qualifying Settlement Class Member to provide Drinking Water.
- (c) The Claims Administrator will confirm each Qualifying Settlement Class Member's population served or number of service connections with information provided by the Qualifying Settlement Class Member to the U.S. EPA or state agency. Any conflicts in population served or service connections data will be resolved in favor of the data most recently reported to the United States EPA or state agency. For purposes of determining whether a Public Water System is subject to UCMR 5, a Public Water System's population served is determined by the SDWIS as of February 1, 2021.
- (d) For each Impacted Water Source identified by a Qualifying Settlement Class Member, the Claims Administrator will verify the maximum flow rate of a groundwater well or the flow rate of the water that enters the treatment plant of a surface water system. The Claims Administrator will also verify the three highest annual average flow rates of a groundwater well or the flow rate of the water that enters a treatment plant of a surface

water system over a ten-year period (2013-2022). Documentation related to the flow rates of each Impacted Water Source must be verified by each Qualifying Settlement Class Member as part of the Claims Form.

- (e) The Claims Administrator will notify Qualifying Settlement Class Members with incomplete Claims Forms of the requirements to cure deficiencies.

4. **Phase One Allocation Methodology**

(a) **Phase One Verification**

The Claims Administrator will verify each Phase One Qualifying Settlement Class Member's eligibility by confirming it has one or more Impacted Water Sources as of June 30, 2023.

(b) **Phase One Baseline Testing**

- (i) Each Phase One Qualifying Settlement Class Member must test each of its Water Sources for PFAS, request from the laboratory that performs the analyses all analytical results, including the actual numeric values, and submit detailed PFAS test results to the Claims Administrator on a Claims Form by a date specified below. This process is referred to as "Baseline Testing."
- (ii) Any untreated or treated Water Source tested on or before the Settlement Date, using a state- or federal-approved methodology and found to contain a detection of PFAS, does not need to test that Water Source again for purposes of Baseline Testing.
- (iii) Non-Detections
 - (a) Untreated Water Sources tested under the Testing Methodology on or after December 7, 2021 that have test results that do not show a detection of PFAS at any level do not have to retest.
 - (b) Untreated and Treated Water Sources tested prior to December 7, 2021 that have test results that do not show a detection of PFAS at any level must retest.
- (iv) Baseline Testing requires the following:
 - (a) PFAS analysis must be conducted at a minimum for PFAS analytes for which UCMR 5 requires,
 - (b) the PFAS test results must report any measurable concentration of PFAS, regardless of whether the level of PFAS detected in the water is above or below UCMR 5's relevant minimum reporting level, and

(c) testing shall be done on untreated (raw) water.

(v) Failure to test and submit Qualifying Test Results for Water Sources will disqualify untested Water Sources from consideration for present and future payments.

(c) Phase One Supplemental Fund

(i) After the Effective Date, the Escrow Agent will transfer into the Phase One Supplemental Fund 5% of the total Settlement Funds allocated to Phase One Qualifying Settlement Class Members.

(ii) The Phase One Supplemental Fund will be used to compensate the following Phase One Qualifying Settlement Class Member's Water Sources:

(a) Those with Impacted Water Sources that do not exceed an applicable state MCL or the proposed federal PFAS MCLs at the time its Claims Form is submitted and because of later PFAS testing obtains a higher Qualifying Test Result with a measurable concentration of PFAS that exceeds the proposed federal PFAS MCLs or an applicable state MCL, or

(b) Those with Impacted Water Sources that do not exceed an applicable state MCL or the proposed federal PFAS MCL at the time its Claims Form is submitted but later exceed a future state or federal PFAS MCL.

(iii) If the federal PFAS MCLs are finalized before the Court issues Final Approval, the final federal PFAS MCLs will be utilized instead of the proposed federal PFAS MCL, otherwise the proposed federal PFAS MCLs will be used.

(iv) A Phase One Qualifying Settlement Class Member may submit a Phase One Supplemental Fund Claims Forms to the Claims Administrator at any time up to and including December 31, 2030 or until the Supplemental Fund is exhausted.

(v) For each Impacted Water Source that has submitted a Phase One Supplemental Claims Form, the Claims Administrator will individually calculate to approximate, as closely as is reasonably possible, the amount that each Impacted Water Source would have been allocated had it been in the Phase One Action Fund with an MCL exceedance.

(vi) The Claims Administrator shall issue funds from the Phase One Supplemental Fund in amounts that reflect the difference between the amount the Impacted Water Source would have been allocated had it been in the Phase One Action Fund with

an MCL exceedance and what the Qualifying Settlement Class Members has already received, if anything.

The Claims Administrator shall pay any money remaining in the Phase One Supplemental Fund as of December 31, 2030, to the Phase One Qualifying Settlement Class Members participating in the Phase One Action Fund.

(d) Phase One Special Needs Fund

- (i) After the Effective Date, the Escrow Agent will transfer into the Phase One Special Needs Fund 5% of the total settlement funds allocated to Phase One Qualifying Settlement Class Members.
- (ii) Over the last decade, Qualifying Settlement Class Members may have taken different types of actions to address PFAS in their Impacted Water Sources. Many have also faced state PFAS advisories and regulations. Examples of such actions include, but are not limited to, taking wells offline, reducing flow rates, drilling new wells, pulling water from other sources, and/or purchasing supplemental water.
- (iii) The Phase One Special Needs Fund is intended to compensate those Phase One Qualifying Settlement Class Members who spent money to address PFAS detections in their Impacted Water Sources. This is in addition to any other compensation provided by this settlement.
- (iv) Phase One Qualifying Settlement Class Members may submit to the Claims Administrator a Phase One Special Needs Fund Claims Forms up to 45 days after the deadline for the Public Water System Settlement Claims Form.
- (v) After receiving all timely Phase One Special Needs Fund Claims Forms, the Claims Administrator will review such forms and determine which Qualifying Settlement Class Members shall receive additional compensation and the amount of compensation. The Claims Administrator will recommend the awards to the Special Master who will ultimately approve or reject them.
- (vi) Any monies leftover in the Phase One Special Needs Fund will be paid to Phase One Qualifying Settlement Class Members participating in the Phase One Action Fund on a pro rata basis. This does not include recipients of the Phase One Very Small Public Water System Payments or the Inactive Impacted Water System Payments.

(e) Phase One Public Water System Settlement Claims Forms

- (i) The deadline for Phase One Qualifying Settlement Class Members to submit Phase One Public Water System Claims Forms for all Impacted Water Sources is 60 days after the Effective Date. This deadline can be extended by the Claims Administrator only if the Phase One Qualifying Settlement Class Member demonstrates that it has, prior to such deadline, submitted water samples necessary to meet the requirements of Baseline Testing and is awaiting analytical results from laboratory capable of issuing a Qualifying Test Result.
- (ii) The Claims Administrator will review each Phase One Public Water System Claims Form to determine whether the Phase One Qualifying Settlement Class Member should receive a Phase One Very Small Public Water System Payment, an Inactive Water System Payment or if they should participate in the Phase One Action Fund.

(f) Phase One Very Small Public Water System Payments

- (i) All Phase One Qualifying Settlement Class Members that are listed in the SDWIS as Transient Non-Community Water Systems and Non-Transient Non-Community Water Systems serving less than 3,300 people may apply for Phase One Very Small Public Water System Payments.
- (ii) The Claims Administrator will issue Phase One Very Small Public Water System Payments for each Very Small Public Water System as follows:
 - (a) Transient Non-Community Water Systems will receive \$1,250.
 - (b) Non-Transient Non-Community Water Systems serving less than 3,300 people will receive \$1,750.
- (iii) Recipients of the Phase One Very Small Public Water System Payments are not eligible for any payments from the Phase One Supplemental Fund, Phase One Special Needs or the Phase One Action Fund.

(g) Inactive Impacted Water System Payments

- (i) Qualifying Settlement Class Members that are classified in the SDWIS as Inactive that own one or more Impacted Water Source will receive a one-time payment of \$500.
- (ii) Recipients of the Inactive Impacted Water Systems Payment are not eligible for any payments from the Phase One Supplemental Fund, Phase One Special Needs Fund, or the Phase One Action Fund.

(h) **Phase One Action Fund**

(i) The Claims Administrator will calculate the amount of the Phase One Action Fund after the Escrow Agent has transferred from that fund the amounts described above for the Phase One Special Needs Fund, the Phase One Supplemental Fund, the Inactive Impacted Water System Payments, and the Phase One Very Small Public Water System Payments. The Phase One Action Fund will be allocated to the Phase One Qualifying Settlement Class Member's Impacted Water Sources using the following allocation methodology.

(ii) **PFAS Score**

(a) For purposes of calculating each Impacted Water Source's PFAS Score, the Claims Administrator will examine the Phase One Qualifying Settlement Class Member's Phase One Public Water System Claims Form to determine the highest concentration, expressed in parts per trillion (ppt, or nanograms per liter), that the Impacted Water Source has shown, according to one or more Qualifying Test Results, for PFOA, for PFOS, and for any other single PFAS analyte listed on the Claims Form.

(b) The Claims Administrator will determine each Impacted Water Source's PFAS Score by taking the **GREATER** result of either:

- i) the sum of the maximum levels of PFOA and PFOS, or
- ii) the sum of the maximum levels of PFOA and PFOS averaged with the square root of the maximum level of any other single PFAS analyte listed in the Claims Form.

$$\text{PFAS Score} = \{[(\text{PFOA (Max Level)} + \text{PFOS (Max Level)}) + \text{Other PFAS (Max level)}]^{0.5}\} / 2$$

Examples of Determining PFAS Score:

CWS 1 owns and operates 4 water sources: Surface Water (SW) System A, Well B, Well C, and Well D. The maximum levels of each PFAS chemical of each water source and the PFAS Scores are listed below.

Impacted Water Source	Sum of PFOS + PFOA	Avg. of (PFOA + PFOS) & Max Other PFAS	PFAS Score	Max PFOA	Max PFOS	Max PFNA	Max PFHxS	Max PFHxA
SW System A	62	35.15	62	15	47	8.3	5	0
Well B	0.95	.475	0.95	0.95	0	0	0	0
Well C	0	0	0	0	0	0	0	0
Well D	15.2	27.6	27.6	12	3.2	0	1600	5.2

(iii) Adjusted Flow Rate

- (a) Impacted Water Sources' flow rates can be reported in the Claims Forms in either gallons per minute (gpm) or million gallons per day (MGD). One thousand (1,000) gpm equals 1.44 MGD because there are one thousand four hundred forty (1,440) minutes in each day. The Claims Administrator must convert the MGD reported flow rates into gpm for all calculations.
- (b) Groundwater Impacted Water Sources should report flow rates from the groundwater well. Surface water Impacted Water Sources should report the flow rates from the water that enters the treatment plant.
- (c) The Claims Administrator will determine the adjusted flow rate of each Impacted Water Source by first averaging the three highest annual average flow rates that that the Qualifying Settlement Class Member drew from the groundwater Impacted Water Source or that entered the surface water treatment plant. The three highest annual average flow rates can be selected from a ten-year period from 2013-2022. This average will then be averaged with the verified maximum flow rate of a groundwater Impacted Water Source or the maximum flow rate entering a surface water Impacted Water Source.
- (d) If the Phase One Qualifying Settlement Class Member can demonstrate that an Impacted Water Source was taken offline or reduced its flow rate as a result of PFAS contamination and additional years are needed to obtain

accurate flow rates not impacted by PFAS, the Claims Administrator can consider years beyond the 2013-2022 timeframe.

- (e) For purposes if the Allocation Procedures, a purchased water connection from a seller that is a Water Source is not a Water Source.
- (f) For purposes of the Allocation Procedures, a Public Water System's multiple intakes from one distinct surface water source are deemed to be a single Impacted Water Source so long as the intakes supply the same water treatment plant and therefore only one adjusted flow rate is used.
- (g) For purposes of the Allocation Procedures, a Public Water System's intakes from one distinct surface water source that supply multiple water treatment plants, are deemed to each be a separate Impacted Water Source and therefore require an adjusted flow rate for each water treatment plant.
- (h) For purposes of the Allocation Procedures, a Public Water System's multiple groundwater wells (whether from one distinct aquifer or from multiple distinct aquifers) are deemed to each be a separate Impacted Water Source and therefore require an adjusted flow rate for each groundwater well.
- (i) If a water treatment plant is blending both surface water and groundwater before treatment, only one adjusted flow rate is required.
- (j) In the event a Public Water System owns both groundwater wells and surface water system(s) that have separate treatment plants, they shall be deemed to each be a separate Water Source.
- (iv) Base Score Calculations
 - (a) The Base Score will be calculated using two primary components: a proxy for capital costs and a proxy for operation and maintenance (O&M) costs. Capital costs are driven primarily by the size of the Impacted Water Source. O&M costs are primarily driven by the size of the Impacted Water Source and the concentration of PFAS.

Base Score = Capital Costs Component + Operation and Maintenance Costs Component

(b) Capital Costs Component

- i) The EPA published a revision of its “Work Breakdown Structure-Based Cost Model for Granular Activated Carbon Drinking Water Treatment” in March 2023. This publication includes a Work Breakdown Structure (WBS) model that estimates the cost of treating PFAS contamination based on the flow rate of an Impacted Water System. A cost curve can be derived from the EPA WBS which expresses treatment costs in cost per thousand gallons produced. The below “Flow Rate Adjustment Factor” graph is the cost curve relating the treatment cost per thousand gallons as a function of overall size. This cost curve recognizes a decrease in unit cost as the flow rate for an Impacted Water Source increases. Each Impacted Water Source’s capital costs component of the Base Score is calculated off this cost curve.

Capital Costs Component = (EPA unit cost * flow rate)

Treatment cost per thousand gallons = $\frac{7.7245 * (\text{flow rate})^{-0.281}}{1000}$

Capital Costs Score = annual 1000 G units * treatment cost per thousand gallons

**(c) Operation and Maintenance Costs Component**

- i) The factors that affect O&M can be complex and depend on a range of factors (including but not limited to influent source quality, pH,

temperature, type and concentration of PFAS influent, media used, etc.). However, the volume capacity of treatment media to remove PFAS decreases as the concentration of PFAS increases. This necessitates more frequent replacements of the treatment media, which increases the quantity of spent media that must be discarded. This increases the O&M costs of PFAS treatment.

- ii) There is an observed increase in O&M costs as PFAS concentrations increase. The available data suggests that as concentrations increase, O&M costs will increase in a non-linear, curved relationship as it is easier and less expensive to remove higher concentrations up to a certain level. The increase in O&M costs is thus a function of the PFAS levels and the size of the system (reflected in the capital cost component). The following equation represents this relative relationship which considers that all Qualifying Settlement Class Members will require basic O&M tied to the capital cost component as well as additional O&M driven by the level of PFAS concentrations.

O&M Cost Component = ((PFAS Modifier * PFAS Score) * Capital Cost Component + Capital Cost Component)

PFAS Modifier = 0.005

- iii) The result is an exponential reduction in the unit cost of PFAS removal as PFAS concentrations increase. This exponential effect is captured in part by the Allocation Procedures' nonlinear approach to flow rates and in part by the Allocation Procedures' use of a square-root factor for certain PFAS analytes.

(EPA unit cost * flow rate) + ((PFAS Modifier * PFAS Score) * Capital Cost Component + Capital Cost Component)

- iv) When the Base Score is calculated where the O&M Cost component and capital costs component are combined a roughly 3-fold difference is obtained over the regulatory threshold of 4ppt to 1000ppt. The results of this calculation are shown in the below example for the EPA WBS standard design system at 1494 GPM as a function of relative PFAS concentrations.

$(\text{EPA unit cost} * \text{flow rate}) + ((\text{PFAS Modifier} * \text{PFAS Score}) * \text{Capital Cost Component} + \text{Capital Cost Component})$

Example of Determining Base Score

CWS 1's SW System A has a PFAS Score of 62 and an adjusted flow rate of 1,494 gpm.

Cost per 1,000 gallon production = $7.7245 * (1,494)^{-0.281} = .99$

Annual 1000 gallons units $(1,494 * 60 * 24 * 365) / 1,000 = 785,246$

Capital Costs Component = $785,246 * .99 = 777,828$

O&M Costs Component = $((62 * .005) * 777,828) + 777,828 = 1,018,955$

Base Score = $777,828 + 1,018,955 = 1,796,783$

(v) Adjusted Base Score

After calculating the Base Score of each Impacted Water Source, the Claims Administrator will apply any bumps to the based on certain factors defined below. This will yield the Adjusted Base Score for each Impacted Water Source.

a) Regulatory Bump:

- i) An Impacted Water Source's Base Score will receive a regulatory bump if the Impacted Water Source:
 - a. exceeds the proposed federal PFAS MCL for PFOS or PFOA, (4 ppt PFOA, 4 ppt PFOS),

- b. exceeds the proposed federal PFAS Hazard Index MCL (based on 9 ppt PFHxS, 10 ppt GenX chemicals, 10 ppt PFNA, 2000 ppt PFBS – applying the Hazard Index formula set forth in 88 Fed. Reg. 18,638, 18,748 (Mar. 29, 2023) (proposing 40 C.F.R. § 141.61(c)(36) & n.1 (2023)), or
 - c. exceeds an applicable state PFAS MCL that is below the proposed federal PFAS MCL for the same PFAS analyte, or exceeds an applicable state MCL for which there is no proposed federal PFAS MCL.
- ii) The Claims Administrator will consider all proposed federal PFAS MCL and existing state MCLs for the same PFAS analyte existing on the date the Court issues a Final Approval to determine if an Impacted Water Source has ever exceeded any applicable standard.
- iii) The Claims Administrator will adjust the Base Score for those Impacted Water Sources that are subject to the regulatory bump by a positive adjustment factor of 4.00.

(b) **Litigation Bump**

- i) The litigation bump applies to all Impacted Water Sources of any Qualifying Settlement Class Members that as of the Settlement Date had pending litigation in the United States of America in which it asserts against any Released Party any claim related to alleged, actual, or potential PFAS contamination of Drinking Water.
- ii) No more than one litigation bump may apply to an Impacted Water Source.
- iii) For cases on file by December 31, 2020, the Claims Administrator will adjust the Base Score for those Impacted Water Sources by a positive adjustment factor of 0.25.
- iv) For cases filed during 2021, the Claims Administrator will adjust the Base Score for those Impacted Water Sources by a positive adjustment factor of 0.20.

- v) For cases on filed during 2022, the Claims Administrator will adjust the Base Score for those Impacted Water Sources by a positive adjustment factor of 0.15.
 - vi) For cases filed between January 1, 2023 and the Settlement Date, the Claims Administrator will adjust the Base Score for those Impacted Water Sources by a positive adjustment factor of 0.10.
- (c) **Public Water Provider Bellwether Bump**
- i) The Public Water Provider bellwether bump applies to the Impacted Water Sources that are owned or operated by Qualifying Settlement Class Members who served as one of the ten public water provider bellwether plaintiffs.
 - ii) More than one Public Water Provider bellwether bump can be applied to an Impacted Water Source (i.e., the Settlement Class Member selected as the final public water provider bellwether plaintiff will receive all three adjustments provided below).
 - iii) The Claims Administrator will adjust the Base Scores for Qualifying Settlement Class Members that were selected as one of the ten Tier One public water provider bellwether cases by a positive adjustment factor of 0.15.
 - iv) The Claims Administrator will adjust the Base Scores for Qualifying Settlement Class Members that were selected as one of the three Tier Two public water provider bellwether cases by a positive adjustment factor of 0.20.
 - v) For each Impacted Water Source, the Claims Administrator will adjust the Base Scores for the Qualifying Settlement Class Member that was selected as the final public water provider bellwether case by a positive adjustment factor of 0.25.
- (d) Claims Administrator will sum the applicable bump adjustments and multiply the summed adjustments by the Base Score. Then, the Claims Administrator will take this total and add it to the Base Score to determine the Adjusted Base Score.

Adjusted Base Score = (Sum of Adjustments * Base Score) + Base Score

Example of Determining Adjusted Base Score

CWS 1's SW System A's PFAS levels exceed the federal proposed MCL. CWS 1 filed a lawsuit in the AFFF MDL on November 1, 2022 against Settling Defendants and it was not selected as a Public Water Provider Bellwether Plaintiff. System A will receive the following Bumps:

Regulatory Bump:	4.00
Litigation Bump:	0.15
Total Adjustment:	4.15

Adjusted Base Score = (Sum of Adjustments * Base Score) + Base Score

$(4.15 * 1,796,783) + 1,796,783 = \underline{\underline{9,253,432.5}}$

(v) Settlement Award

- (a) The Claims Administrator will first divide an Impacted Water Source's Adjusted Base Score by the sum of all Adjusted Base Scores. This number gives each Impacted Water Source its percentage of the Phase One Action Fund. Then, that percentage is multiplied by the Phase One Action Fund to provide the Allocated Amount for each Impacted Water Source.
- (b) A Phase One Settlement Class Member participating in the Phase One Action Fund should NOT receive an Allocated Amount less than the Very Small Public Water System Payment for a Non-Transient Non-Community Water System.

Allocated Award = (Adjusted Base Score / Sum of All Adjusted Base Scores) x (Phase One Action Fund)

(vi) Claims Administrator Notification to Phase One Qualifying Settlement Class Members

The Claims Administrator will notify each Phase One Qualifying Settlement Class Member of the Allocated Amount(s) for all its Impacted Water Sources.

(vii) Requests for Reconsideration to the Claims Administrator

- (a) After a Phase One Qualifying Settlement Class Member receives notification of its Allocated Award from the Claims Administrator, it will have ten (10) business days from the receipt of such notification to request that the Special Master reconsider a part of the calculation based on a mistake/error alleged to have occurred. (The Phase

One Qualifying Settlement Class Member has no other appellate rights.)

- (b) After the Special Master receives all timely requests for reconsideration, the Special Master within ten (10) business days will request that the Claims Administrator correct any mistakes/errors and run the calculations again, if warranted.
- (c) Within thirty (30) calendar days of completing the reconsideration process, the Claims Administrator will issue payment(s) to each Qualifying Settlement Class Member that has submitted an approved claim.

5. **Phase Two Allocation Methodology**

(a) **Phase Two Verification**

- (i) The Claims Administrator will verify each Phase Two Qualifying Settlement Class Member's eligibility by determining the following:
 - (a) It is subject to the monitoring rules set forth in UCMR 5 (i.e., "large" systems serving more than 10,000 people and "small" systems serving between 3,300 and 10,000 people); or
 - (b) It is required under applicable state law to test or otherwise analyze any of its Water Sources or the water it provides for PFAS before the UCMR 5 Deadline?

(b) **Phase Two Baseline Testing**

- (i) Each Phase Two Qualifying Settlement Class Member must comply with Baseline Testing requirements and submit the results to the Claims Administrator within 45 calendar days after receiving the test results, absent what the Claims Administrator deems in writing to be an extraordinary circumstance, and no later than July 1, 2026.
- (ii) Each Phase Two Qualifying Settlement Class Member will verify that it has tested all its Water Sources for PFAS prior to its submission of the Claims Form.
- (iii) A Phase Two Qualifying Settlement Class Member that does not fully and timely satisfy Baseline Testing requirements may be declared by the Claims Administrator to be ineligible to receive further payment from Phase Two.

- (iv) The Claims Administrator shall provide the Parties quarterly updates on the detailed Baseline Testing PFAS results and a final report on those results by July 1, 2026.

(c) **Phase Two Baseline Testing Payments for Phase Two Qualifying Settlement Class Members**

- (ii) A Phase Two Qualifying Settlement Class Member may submit a Phase Two Testing Claims Form to the Claims Administrator for payments to offset part or all of the cost of conducting Phase Two Baseline Testing prior to January 1, 2026. A Phase Two Qualifying Settlement Class Member must list in its Phase Two Testing Claims Form each Water Source required to be tested under Baseline Testing requirements.
- (iii) The Claims Administrator will issue payment in the amount of \$200 for each Water Source listed on the Phase Two Testing Claims Form within a reasonable time from submission.

 - (a) Those with Impacted Water Sources that do not exceed an applicable state MCL or the proposed federal PFAS MCL at the time its Phase Two Claims Form is submitted and because of later PFAS testing obtains a Qualifying Test Result with a measurable concentration of PFAS that exceeds the proposed federal PFAS MCLs or applicable state MCL, or
 - (b) Those with Impacted Water Sources that do not exceed an applicable state MCL or the proposed federal PFAS MCL at the time its Claims Form is submitted but later exceed a future state or federal PFAS MCL.
- (iii) A Phase Two Qualifying Settlement Class Member may submit a Phase Two Supplemental Fund Claims Form at any time up to and including December 31, 2030.

- (iv) Application to the Phase Two Supplemental Fund may be made by Qualifying Settlement Class Members on a continuous basis and one time for each Impacted Water Source until the funds are exhausted.
- (v) For each Impacted Water Source that has submitted a Phase Two Supplemental Claims Form, the Claims Administrator will individually calculate to approximate, as closely as is reasonably possible, the amount that each Impacted Water Source would have been allocated had it been in the Phase Two Action Fund with an MCL exceedance.
- (vi) The Claims Administrator shall issue funds from the Phase Two Supplemental Fund in amounts that reflect the difference between the amount the Impacted Water Source would have been allocated had it been in the Phase Two Action Fund with an MCL exceedance and what the Qualifying Settlement Class Members has already received, if anything.
- (vii) The Claims Administrator shall pay any money remaining in the Phase Two Supplemental Fund as of December 31, 2030, to the Phase Two Qualifying Settlement Class Members participating in the Phase Two Action Fund.

(e) Phase Two Special Needs Fund

- (iii) Phase Two Special Needs Fund Claims Forms must be received by August 1, 2026.
- (iv) After receiving all timely Phase Two Special Needs Fund Claims Forms, the Claims Administrator will review such forms and determine which Phase Two Qualifying Settlement Class Members shall receive additional compensation and the amount of compensation. The Claims Administrator will recommend the awards to the Special Master who will ultimately approve or reject them.
- (v) Any monies leftover in the Phase Two Special Needs Fund will be paid to Phase Two Qualifying Settlement Class

(f) Phase Two Public Water System Settlement Claims Forms

- (i) The deadline for Phase Two Qualifying Settlement Class Members to submit Phase Two Public Water System Claims Forms for all Impacted Water Sources is June 30, 2026.

- (iii) Any Phase Two Qualifying Settlement Class Member that fails to timely submit a Phase Two Action Fund Claims Form, will not be entitled to additional monies.

(g) Phase Two Very Small Public Water System Payments

- (i) All Phase Two Qualifying Settlement Class Members that are listed in the SDWIS as Transient Non-Community Water Systems that own an Impacted Water Source and Non-Transient Non-Community Water Systems serving less than 3,300 people that own an Impacted Water Source may apply for Phase Two Very Small Public Water System Payments.
- (ii) The Claims Administrator will issue Phase Two Very Small Public Water System Payments for each Impacted Water Source as follows:
 - (a) Transient Non-Community Water Systems will receive \$1,250 for each Impacted Water Source.
 - (b) Non-Transient Non-Community Water Systems serving less than 3,300 people will receive \$1,750 for each Impacted Water Source.
- (iii) Recipients of the Phase Two Very Small Public Water System Payments are not eligible for the Phase Two Supplemental Fund, the Phase Two Special Needs Fund or the Phase Two Action Fund.

(h) Phase Two Action Fund

- (i) The Claims Administrator will calculate the amount of the Phase Two Action Fund by subtracting the total amount of the Phase Two Very Small Public Water System Payments, the

Phase Two Baseline Testing Payments, the Phase Two Supplemental Fund, and the Phase Two Special Needs Fund from the total Settlement Funds allocated to Phase Two Qualifying Settlement Class Members.

- (ii) The Claims Administrator will individually calculate the amount for each Impacted Water Source owned or operated by a Phase Two Qualifying Settlement Class Member to approximate, as closely as is reasonably possible, the Allocated Amount that each Impacted Water Source would have been allocated had it been a Phase Two Qualifying Settlement Class Member applying for the Phase Two Action Fund.
- (iii) In the event that the Phase Two Action Fund is insufficient to compensate all Phase Two Qualifying Settlement Class Members' Allocated Amounts, the Claims Administrator will reduce all Phase Two Qualifying Settlement Class Members' Allocated Amounts on a pro rata basis.

6. Remaining Settlement Funds

- (a) Should any portion of the Settlement Funds remain following the completion of the claims process, they will be distributed to Phase One Qualifying Settlement Class Members who qualify for the Phase One Action Fund and Phase Two Qualifying Settlement Class Members who qualify for the Phase Two Action Fund in proportion to the respective amounts awarded to each Person from each fund. None of any such remaining Settlement Funds shall be returned to the Settling Defendants.

Public Water System Settlement Claims Form

INSTRUCTIONS

Please follow the instructions below to submit a claim for the AFFF Products Liability Litigation Settlement Program. A completed copy of this Claims Form must be submitted no later than the Claims Form Deadline. Late Claims Forms will not be considered.

TO RECEIVE BENEFITS FROM THIS SETTLEMENT, YOU MUST PROVIDE ALL OF THE REQUIRED (*) INFORMATION BELOW AND YOU MUST SIGN THIS Claims Form. THIS Claims Form SHOULD ONLY BE USED IF A CLAIM IS BEING MAILED IN AND IS NOT BEING FILED ONLINE. YOU MAY ALSO FILE YOUR CLAIM ONLINE AT www.PFASWaterSettlement.com.

For the Claims Form to be valid, Claimants must provide ALL information requested concerning the Public Water System (PWS) and its groundwater wells and/or surface water systems ("Water Source").

Baseline Testing: Any Water Source tested for PFAS prior to U.S. EPA's announcement of the testing requirements of UCMR 5 (December 2021), that did not result in a detection of PFAS, must re-test to meet Baseline Testing requirements. If a Water Source tested for PFAS after U.S. EPA's announcement of the testing requirements of UCMR 5 using a methodology consistent with the requirements of UCMR 5 or applicable State requirements (if stricter) (the "Testing Methodology") and it did not result in a Measurable Concentration of PFAS, no further testing is required on that Water Source. Test results must be submitted from untreated (raw) water samples, except that a result showing a detection of PFAS in a treated (finished) water sample may be used. However, all samples must be drawn from a Water Source that has been used to provide drinking water. BY SUBMITTING THIS CLAIMS FORM, YOU CERTIFY THAT THE PWS ON WHOSE BEHALF YOU ARE SUBMITTING THE CLAIMS FORM HAS TESTED ALL OF ITS TEST SITES FOR PFAS AFTER U.S. EPA'S ANNOUNCEMENT OF THE TESTING REQUIREMENTS OF UCMR 5 USING THE TESTING METHODOLOGY.

A PWS that does not timely return a completed Claims Form and all of the required documents forfeits any right to participate in this settlement. For any questions about this Claims Form, you may contact _____ at _____.

**NOTICE OF PROPOSED CLASS ACTION SETTLEMENT AND
COURT APPROVAL HEARING**

TO: All Public Water Systems in the United States of America that draw or otherwise collect from any Water Source that, on or before June 30, 2023, was tested or otherwise analyzed for PFAS and found to contain any PFAS at any level; and

All Public Water Systems in the United States of America that, as of June 30, 2023, are (i) subject to the monitoring rules set forth in UCMR 5 (i.e., “large” systems serving more than 10,000 people and “small” systems serving between 3,300 and 10,000 people), or (ii) required under applicable state or federal law to test or otherwise analyze any of their Water Sources or the water they provide for PFAS before the UCMR 5 Deadline.

All capitalized terms not otherwise defined herein shall have the meanings set forth in the Settlement Agreement and the Allocation Procedures, available for review at www.PFASWaterSettlement.com.

A FEDERAL COURT APPROVED THIS NOTICE. PLEASE READ THIS NOTICE CAREFULLY, AS THE PROPOSED SETTLEMENT DESCRIBED BELOW MAY AFFECT YOUR LEGAL RIGHTS AND PROVIDE YOU WITH POTENTIAL BENEFITS. THIS IS *NOT* A NOTICE OF A LAWSUIT AGAINST YOU OR A SOLICITATION FROM A LAWYER.

I. WHAT IS THE PURPOSE OF THIS NOTICE?

The purpose of this Notice is (i) to advise you that a proposed settlement (referred to as the “Settlement”) has been reached with the defendants The Chemours Company, The Chemours Company FC, LLC, DuPont de Nemours, Inc., Corteva, Inc., and E.I. DuPont de Nemours and Company n/k/a EIDP, Inc. (each, a “Settling Defendant” and collectively,

“Settling Defendants”) in the above-captioned lawsuit (the “Action”) pending in the United States District Court for the District of South Carolina (the “Court”); (ii) to summarize your rights in connection with the Settlement; and (iii) to inform you of a Court hearing to consider whether to grant final approval of the Settlement, to be held on **DATE** at **TIME**, before the Honorable Richard M. Gergel, United States District Judge of the United States District Court for the District of South Carolina, located at 85 Broad Street, Charleston, South Carolina 29401.

If you received this Notice about the proposed Settlement in the mail, then you have been identified as a potential Settlement Class Member according to the Parties’ records. Please read this Notice carefully.

II. WHAT IS THE ACTION ABOUT?

Class Representatives are Public Water Systems that have filed actions against Settling Defendants and other defendants, which actions are currently pending in the above-captioned multi-district litigation, In Re: Aqueous Film-Forming Foams Products Liability Litigation, MDL No. 2:18-mn-2873 (D.S.C.) (the “MDL”).

Class Representatives have alleged that they have suffered harm resulting from the presence of PFAS in Drinking Water and/or are required to monitor for the presence of PFAS in Drinking Water and that Settling Defendants are liable for damages and other forms of relief to compensate for such harm and costs.

In addition to the MDL, certain other cases are pending against Settling Defendants asserting Released Claims (collectively with the MDL, all pending litigation brought by or on behalf of a Releasing Person against a Released Person involved Released Claims shall be referred to as the “Litigation”).

There are numerous defendants in addition to Settling Defendants in the MDL and the cases comprising the Litigation. Those other defendants are not part of this Settlement Agreement. The Class Representatives and Settlement Class Members will remain able to seek separate and additional PFAS-related recoveries from those other defendants in addition to the Settlement Amount here. The Parties agree, and Class Counsel have a reasonable basis to believe, that the Settling Defendants collectively comprise a very small share of MDL defendants’ total alleged PFAS-related liabilities, on the order of approximately 3-7% or less.

The Settling Defendants deny the allegations in the Litigation and all other allegations relating to the Released Claims and deny that they have any liability to Class Representatives, the Settlement Class, or any Settlement Class Member for any Claims of any kind, and would assert a number of legal and factual defenses against such Claims if they were litigated to conclusion (including against certification of any purported class for

litigation purposes).

This Notice should not be understood as an expression of any opinion by the Court as to the merits of the Class Representatives' claims or the Settling Defendants' defenses.

III. WHO IS PART OF THE PROPOSED SETTLEMENT?

The Class Representatives and Settling Defendants have entered into the Settlement Agreement to resolve Claims relating to PFAS contamination of Public Water Systems. The Court has preliminarily approved the Settlement Agreement as fair, reasonable, and adequate. The Court will hold a Final Fairness Hearing, as described below, to consider whether to make the Settlement final.

The Settlement Class consists of each of the following:

(a) All Public Water Systems in the United States of America that draw or otherwise collect from any Water Source that, on or before June 30, 2023, was tested or otherwise analyzed for PFAS and found to contain any PFAS at any level;

AND

(b) All Public Water Systems in the United States of America that, as of June 30, 2023, are (i) subject to the monitoring rules set forth in UCMR 5 (i.e., "large" systems serving more than 10,000 people and "small" systems serving between 3,300 and 10,000 people), or (ii) required under applicable state or federal law to test or otherwise analyze any of their Water Sources or the water they provide for PFAS before the UCMR 5 Deadline.

Not all Public Water Systems are potential Settlement Class Members: specifically, Public Water Systems that are owned and operated by a State or the federal government, and cannot sue or be sued in their own name, as well as certain other systems set forth below, are expressly excluded from the Settlement Class. In addition, Public Water Systems that do not fall within the Settlement Class definition set forth above are not Settlement Class Members.

The following are excluded from the Settlement Class:

- a) Any Public Water System that is located in Bladen, Brunswick, Columbus, Cumberland, New Hanover, Pender, or Robeson counties in North Carolina; provided, however, that any such system will be included within the Settlement Class if it so requests.
- b) Any Public Water System that is owned and operated by a State government and cannot sue or be sued in its own name, as listed in Exhibit

I to the Settlement Agreement.

- c) Any Public Water System that is owned and operated by the federal government and cannot sue or be sued in its own name, as listed in Exhibit J to the Settlement Agreement.
- d) Any privately owned well or surface water system that is not owned by, used by, or otherwise part of, and does not draw water from, a Public Water System within the Settlement Class.

“UCMR 5” means the United States Environmental Protection Agency’s (“U.S. EPA”) fifth Unregulated Contaminant Monitoring Rule, published at 86 Fed. Reg. 73131.

“UCMR 5 Deadline” means (i) December 31, 2025, or (ii) such later date to which the deadline for completion of sample collection under UCMR 5 may be extended by the U.S. EPA.

“Water Source” means any groundwater well, surface water intake, and any other intake point from which a Public Water System draws or collects Drinking Water, including water it provides or collects, treats or stores for distribution to customers or users.¹

IV. WHAT ARE THE KEY TERMS OF THE PROPOSED SETTLEMENT?

The key terms of the proposed Settlement are as follows.

1. **Settlement Amount.** Settling Defendants have agreed to pay the total and maximum dollar amount of one billion one hundred eighty-five million dollars (\$1,185,000,000) (the “Settlement Amount”), subject to final approval of the Settlement by the Court and certain other conditions specified in the Settlement Agreement. In no event shall the Settling Defendants be required under the Settlement Agreement to pay any amounts above the Settlement Amount. Any fees, costs, expenses, or incentive awards payable under the Settlement Agreement shall be paid out of, and shall not be in addition to, the Settlement Amount.

2. **Settlement Benefit.** Each Settlement Class Member who has not excluded itself from the Settlement Class will be eligible to receive a settlement check(s) from the Claims Administrator based on the Allocation Procedures developed by Class Counsel, which are subject to final approval by the Court as fair and reasonable. Each Settlement Class Member’s settlement amount will be based on information submitted by Settlement Class Members in their Claims Forms and will depend on each Impacted Water Source’s flow rate and level of concentration as compared to all other Settlement Class Members’ Impacted Water Sources. The allocation process is described below. Precisely how much each Settlement Class Member will receive is unknown at this time because it depends on all the information submitted by all Settlement Class Members.

¹ Other capitalized terms have the meaning given those terms in the Settlement Agreement.

3. **Settlement Administration.** The Court will appoint a Special Master and Claims Administrator pursuant to Rule 53 of the Federal Rules of Civil Procedure (FRCP) to oversee the allocation of the Settlement Funds. They will adhere to their duties set forth herein and in the Settlement Agreement. The Special Master will generally oversee the Claims Administrator and make any final decision(s) related to any appeals by Qualifying Settlement Class Members and any ultimate decision(s) presented by the Claims Administrator. The Claims Administrator will perform the actual modeling, allocation and payment distribution functions. The Claims Administrator will seek assistance from the Special Master when needed. The Claims Administrator may seek the assistance of the Plaintiffs' Executive Committee ("PEC") consultants who assisted in providing guidance in designing the Allocation Procedures.

Allocation Procedures Overview

The Allocation Procedures were designed to fairly and equitably allocate the Settlement Funds among Qualifying Settlement Class Members to resolve PFAS contamination of Public Water Systems in such a way that reflects factors used in designing a water treatment system in connection with such contamination. Both the volume of contaminated water and the degree of contamination are the main factors in calculating the cost of treating PFAS contamination; the Allocation Procedures use scientific and EPA-derived formulas to arrive at Allocated Amounts that proportionally compensate Qualifying Settlement Class Members for PFAS-related treatment. The Allocation Procedures are appended as Exhibit C to the Settlement Agreement.

1. **Claims Form Process.** The Claims Administrator will verify that each Entity that submits a Claims Form is a Qualifying Settlement Class Member and will confirm the category into which the Settlement Class Member falls.

- Settlement Class Members fall into one of two categories: Phase One Qualifying Settlement Class Members or Phase Two Qualifying Settlement Class Members. Phase One Qualifying Settlement Class Members will be allocated 55% of the Settlement Funds and Phase Two Qualifying Class Members will be allocated 45% of the Settlement Funds.²
 - A Phase One Qualifying Settlement Class Member is a Public Water System that draws or otherwise collects from any Water Source that tested or otherwise analyzed on or before June 30, 2023 and found to contain any PFAS at any level. The Claims Administrator will establish five separate payment sources from

² This allocation between Phase One and Phase Two is subject to adjustment by the Court.

which Phase One Qualifying Settlement Class Members may receive Settlement Funds. Such Settlement Class Members will be eligible for compensation from at least one and potentially more of the payment sources. These sources, and the criteria the Claims Administrator will use to determine the amount each Phase One Qualifying Settlement Class Member will receive from them, are described below and fully in the Allocation Procedures.

- A Phase Two Qualifying Settlement Class Member is a Public Water System that is not a Phase One Qualifying Settlement Class Member and is subject to the monitoring rules set forth in UCMR 5 or other applicable state or federal law. The Claims Administrator will establish five separate payment sources from which Phase Two Qualifying Settlement Class Members may receive Settlement Funds. Such Settlement Class Members will be eligible for compensation from at least one and potentially more of these payment sources, one of which will be to offset the costs of PFAS testing. These sources, and the criteria the Claims Administrator will use to determine the amount each Phase Two Qualifying Settlement Class Member will receive from them, are described below and fully in the Allocation Procedures.

The initial step for establishing Settlement Class Membership and eligibility for compensation from any of the Settlement Funds is the completion of the Claimant Information Form. After a Person completes the Public Water System Settlement Claims Form, the Settlement Class Member will be provided with additional relevant Claims Form(s) for the payment sources for which the Settlement Class Member may be eligible. The term “Claims Form” may refer to the Public Water System Settlement Claims Form and any of seven additional separate forms:

1. Phase One Action Fund Claims Form;
2. Phase One Supplemental Fund Claims Form;
3. Phase One Special Needs Fund Claims Form;
4. Phase Two Testing Claims Form;
5. Phase Two Action Fund Claims Form;
6. Phase Two Supplemental Fund Claims Form; and
7. Phase Two Special Needs Fund Claims Form

These Claims Forms will be available online and can be submitted to the Claims Administrator electronically or on paper. The Claims Forms will vary depending on the applicable Settlement Class Membership category (Phase One or Phase Two) and on the specific sources from which compensation is sought. The Claims Forms are appended as Exhibit D to the Settlement Agreement.

The Claims Administrator will review each Claims Form, verify the completeness of the data it contains, and follow up as appropriate, including to notify

Settlement Class Members of the need to cure deficiencies in their submission(s), if any. Based on this data, the Claims Administrator will then confirm whether each Settlement Class Member is a Phase One Qualifying Settlement Class Member or Phase Two Qualifying Settlement Class Member and determine the amount each Settlement Class Member is owed from each payment source from which the Settlement Class Member seeks compensation. Should any portion of the Settlement Funds remain following the completion of the Claims process, they will be distributed to certain Qualifying Settlement Class Members in a pro rata fashion in proportion to their respective Allocated Amounts. None of any such remaining Settlement Funds shall be returned to the Settling Defendants.

4. **Payment of Settlement Amount.** Within ten (10) Business Days after Preliminary Approval, Settling Defendants shall pay or cause to be paid the Settlement Amount in full, in accordance with the payment terms set forth in the Settlement Agreement. If the Settlement does not become final, Settling Defendants are entitled to a refund of the unused Settlement Funds, and no distribution to Settlement Class Members will occur.

5. **Release.** All Settlement Class Members who have not excluded themselves from the Settlement Class will release certain Claims against the Settling Defendants, their affiliates, certain predecessors and successors, and other persons as set forth in the Settlement Agreement. This is referred to as the “Release.” Generally speaking, the Release will prevent any Settlement Class Member from bringing any lawsuit against the Settling Defendants or making any claims resolved by the Settlement Agreement.

The Release, as set forth in Paragraphs 12.1 through 12.9 of the Settlement Agreement, will be effective as to every Settlement Class Member who has not excluded itself from the Settlement Class, regardless of whether or not that Settlement Class Member files a Claims Form or receives any distribution from the Settlement.

6. **Attorney Fee/Litigation Cost and Class Representative Awards.** The Court will determine the amounts of attorneys’ fees and expenses to award to Class Counsel from the Settlement Amount for investigating the facts and law in the Action, the massive amount of litigation surrounding the Action, the trial preparations, and negotiating the proposed Settlement. Class Counsel will request an award of all attorneys’ fees and expenses in the amounts due under the Holdback Provisions set forth in CMO No. 3. Class Counsel will make their request in a motion for attorneys’ fees and costs in accordance with Section 11.2 of the Settlement Agreement. Class Counsel intend to file a motion for an award of attorneys’ fees and costs that will request that amounts due under the Holdback Provisions set forth in Case Management Order No. 3, private attorney/client contracts, and fees of Class Counsel all be paid from the Qualified Settlement Fund. Class Counsel intend to file such motion with the Court at least twenty (20) days before the Final Fairness Hearing. After the motion for attorneys’ fees and costs is filed, copies will be available from Class Counsel, the Settlement website (www.PFASWaterSettlement.com), or from the Court docket for *City of Camden, et al., v. E.I. DuPont de Nemours and Company, et al.*, No. 2:23-cv-XXXX-RMG.

Any attorneys' fees, costs, and expenses approved by the Court will be paid from the Settlement Amount.

7. **Settlement Administration.** All fees, costs, and expenses incurred in the administration and/or work by the Notice Administrator, including fees, costs, and expenses of the Notice Administrator, as well as the costs of distributing the Notice, shall be paid from the Settlement Amount. All fees, costs, and expenses incurred in the administration and/or work by the Claims Administrator, including fees, costs, and expenses of the Claims Administrator, shall be paid from the Settlement Amount. All fees, costs, and expenses incurred in the administration and/or work by the Special Master, including fees, costs, and expenses of the Special Master, shall be paid from the Settlement Amount. Settling Defendants shall have no obligation to pay any such fees, costs, and expenses other than the Settlement Amount.

8. **Dismissal of the Litigation.** If the Settlement is approved by the Court and becomes final, all pending Litigation will be dismissed with prejudice to the extent it contains Released Claims. If the Settlement is not approved by the Court or does not become final for any reason, the Litigation will continue, and Class Members will not be entitled to receive any Settlement Benefit.

THE PARAGRAPHS ABOVE PROVIDE ONLY A GENERAL SUMMARY OF THE TERMS OF THE PROPOSED SETTLEMENT. YOU CAN REVIEW THE SETTLEMENT AGREEMENT ITSELF FOR MORE INFORMATION ABOUT THE EXACT TERMS OF THE SETTLEMENT. THE SETTLEMENT AGREEMENT IS AVAILABLE AT WWW.PFASWATERSETTLEMENT.COM.

V. HOW WILL SETTLEMENT FUNDS BE DIVIDED AMONG CLASS MEMBERS?

1. **Baseline Testing.** Phase One and Phase Two Settlement Class Members must perform "Baseline Testing" – that is, Settlement Class Members must test every Water Source they own for PFAS. By performing Baseline Testing to determine which Water Sources have current PFAS detections, each Settlement Class Member will be able to submit Claims Forms, have its Water Sources scored, and receive Allocated Awards based on those scores.

Baseline Testing requires that each Water Source be analyzed for at least the 29 PFAS chemicals required under UCMR 5, using a methodology consistent with the requirements of UCMR 5 or applicable State requirements (if stricter). Any Water Source tested before December 7, 2021 that did not result in a PFAS detection must retest. Any Water Source that tested before June 30, 2023 that did result in a PFAS detection does NOT need to retest. However, you would still be required to test any other Water Sources that have not previously had a detection.

Baseline Testing is different from what the EPA requires for UCMR 5. Under UCMR 5, a Public Water System is required to test for PFAS only at the entry points to its distribution system, but Baseline Testing requires Settlement Class Members to test every Water Source. Because Baseline Testing requires more testing than UCMR 5, Phase Two Settlement Class Members will be compensated out of the Settlement Funds for the costs of testing each Water Source to meet Baseline Testing requirements. **Baseline Testing Claims Forms must be received by DATE.**

Baseline Testing may be performed by any laboratory accredited by a state government or federal regulatory agency for PFAS analysis that uses any state- or federal agency-approved PFAS analytical method that is consistent with (or stricter) than the requirements of UCMR 5.

Class Counsel has arranged for discounted testing with the following laboratory to assist Settlement Class Members with Baseline Testing. The listed laboratory will forward the test results to the Claims Administrator. There is no requirement to use the listed laboratories.

2. **Base Scores for Water Sources.** The Allocation Procedures are designed to allocate money based on factors that dictate the costs of water treatment. It is well documented in the scientific literature and well known throughout the public water industry that the costs associated with water treatment consist of 1) capital costs and 2) operation and maintenance costs. Capital costs are mainly driven by the Impacted Water Source's flow rate. Operation and maintenance costs are mainly driven by the levels of PFAS in the water. The Allocation Procedures utilize capital costs and operation and maintenance costs to generate a score for each Impacted Water Source. The Claims Administrator will input the flow rates and PFAS concentrations from the Claims Forms into an EPA-derived formula that calculates a Base Score for each Impacted Water Source.

3. **Adjusted Base Scores.** Certain Class Members will be eligible for increased scores. Based on the Claims Forms submitted, the Claims Administrator will determine if a Settlement Class Member is eligible for three available enhancements to the score: the Litigation Bump, the Bellwether Bump, and the Regulatory Bump. A Settlement Class Member may qualify for none, one, or multiple bumps.

The Litigation Bump will apply to Settlement Class Members with a pending lawsuit against the Settling Defendants alleging PFAS contaminated Drinking Water. The Bellwether Bump will apply to the ten Settlement Class Members that served as the Public Water Provider Bellwether plaintiffs. The Regulatory Bump will apply when an Impacted Water Source exceeds an applicable state Maximum Contaminant Level (MCL) or the proposed federal MCL as of **DATE**.

After the Claims Administrator applies the appropriate bumps to each Impacted Water Source, the Claims Administrator will use the new Adjusted Base Scores to determine how much of the Settlement Funds each Impacted Water Source will receive.

4. **Very Small Public Water System Payments.** All Phase One and Phase Two Settlement Class Members that are listed in the Safe Drinking Water Information System (SDWIS) as Transient Non-Community Water Systems (TNCWS) and Non-Transient Non-Community Water Systems (NTNCWS) serving less than 3,300 people may apply for Phase One or Phase Two Very Small Public Water System Payments. Phase One Very Small Public Water System Claims Forms are due by **DATE** and Phase Two Very Small Public Water System Claims Forms are due by **DATE**. The Claims Administrator will issue a payment of **\$1,250** to the TNCWS and **\$1,750** to the NTNCWS serving less than 3,300 people.

5. **Allocated Amounts.** The information required to calculate Allocated Amounts is not publicly available and is only obtainable through the Claims Forms submitted by Settlement Class Members. Thus, the Allocated Amount that each Settlement Class Member will receive is not determinable until the Claims Administrator analyzes all the Claims Forms submitted by the Claims Form deadlines.

6. **Special Needs Funds.** Special Needs Funds will be established by the Claims Administrator for Phase One and Phase Two Settlement Class Members that have expended monetary resources on extraordinary efforts to address PFAS contamination in their Impacted Water Sources. Settlement Class Members can file a Special Needs Fund Claims Form to be considered for reimbursement of these expenditures.

7. **Supplemental Funds.** The Claims Administrator will also establish Phase One and Phase Two Supplemental Funds so that Settlement Class Members who did not initially exceed a state or federal MCL when it submitted its Claims Form can request additional funds if it later exceeds a state or federal MCL.

VI. WHO REPRESENTS THE SETTLEMENT CLASS?

The Court has appointed the attorneys from the following law firms to act as counsel for the Class (referred to as “Class Counsel” or “Plaintiffs’ Counsel”) for purposes of the proposed Settlement:

Scott Summy Baron & Budd, P.C. 3102 Oak Lawn Ave., Ste. 1100 Dallas, Texas 75219	Michael A. London Douglas & London 59 Maiden Lane, 6th Floor New York, NY 10038	Paul J. Napoli Napoli Shkolnik 1302 Av. Ponce de Leon San Juan, Puerto Rico 00907

--	-------------------	--

VII. WHAT ARE THE REASONS FOR THE PROPOSED SETTLEMENT?

Class Counsel, Class Representatives, and Settling Defendants have engaged in extensive, arm's-length negotiations, including negotiations facilitated by a Court-appointed mediator, and have, subject to the Preliminary and Final Approval of the Court, reached an agreement to settle and release all Released Claims, on the terms and conditions set forth in the Settlement Agreement.

Class Representatives and Class Counsel have concluded, after a thorough investigation and after carefully considering the relevant circumstances, including the Claims asserted, the legal and factual defenses thereto, the applicable law, the burdens, risks, uncertainties, and expense of litigation, as well as the fair, cost-effective, and assured method of resolving the Claims, that it would be in the best interests of Settlement Class Members to participate in the Settlement in order to avoid the uncertainties of litigation and to assure that the benefits reflected herein are obtained for Settlement Class Members. Further, Class Representatives and Class Counsel consider the Settlement set forth herein to be fair, reasonable, and adequate and in the best interests of Settlement Class Members.

The Settling Defendants, while continuing to deny any violation, wrongdoing, or liability with respect to any and all Claims asserted in the Litigation and all other Released Claims, either on their part or on the part of any of the Released Persons, entered into the Settlement Agreement to avoid the expense, inconvenience, and distraction of further litigation.

VIII. WHAT DO YOU NEED TO DO NOW?

YOU CAN PARTICIPATE IN THE SETTLEMENT. You must file a Claims Form to be eligible to receive a payment under the Settlement Agreement. You can submit your Claims Form online at www.PFASWaterSettlement.com, or you can download, complete and mail your Claims Form to the Claims Administrator at AFFF Public Water System Claims, PO Box 4466, Baton Rouge, Louisiana 70821. The deadline to submit a Claims Form is **DEADLINE DATE**.

Regardless of whether you file a Claims Form or receive any distribution under the Settlement, unless you timely opt out as described below, you will be bound by any judgment or other final disposition of the Settlement, including the Release set forth in the Settlement Agreement, and will be precluded from pursuing claims against the Settling Defendants separately if those Claims are within the scope of the Release.

YOU CAN OPT OUT OF THE SETTLEMENT. If you do not wish to be a Settlement Class Member, and do not want to participate in the Settlement and receive a Settlement Benefit Check, you may exclude yourself from the Settlement Class by completing and mailing a notice of intention to opt-out (referred to as an “Opt-Out”). Any Person within the Settlement Class who wishes to opt out of the Settlement Class and Settlement must file a written and signed statement entitled “Request for Exclusion” with the Notice Administrator and provide service on all Parties in accordance with Federal Rule of Civil Procedure 5.

To be treated as valid, the Request for Exclusion must be sent via certified or first-class mail to the Notice Administrator, Counsel for the Settling Defendants, and Class Counsel at the addresses below.

All Public Water Systems in the United States of America that, as of June 30, 2023, are (i) subject to the monitoring rules set forth in the U.S. EPA's Fifth Unregulated Contaminant Monitoring Rule ("UCMR 5") (i.e., "large" systems serving more than 10,000 people and "small" systems serving between 3,300 and 10,000 people), or (ii) required under applicable state or federal law to test or otherwise analyze any of their Water Sources or the water they provide for PFAS before the deadline of sample collection under UCMR 5.

As used above, "Public Water System" means a system for the provision of water to the public for human consumption through pipes or other constructed conveyances, if such system has at least fifteen (15) service connections or regularly serves at least twenty-five (25) individuals. A "Public Water System" shall include the owner and/or operator of that system and any public entity that is legally responsible for funding (by statute, regulation, other law, or contract), other than a State or the federal government, a Public Water System described in such Paragraph or has authority to bring a claim on behalf of such a Public Water System.

EXHIBIT G

EXHIBIT G: NOTICE PLAN

As detailed below, the Notice Plan provides for individual direct notice via USPS mail to all reasonably identifiable Settlement Class Members, outreach to national and local water organizations, a comprehensive media plan, and the implementation of a dedicated Settlement website and toll-free telephone line where Settlement Class Members can learn more about their rights and options pursuant to the terms of the Settlement. Additional details are provided in the accompanying Declaration of Steven Weisbrot of Angeion Group, LLC, which will implement the Notice Plan. All capitalized terms not defined herein shall have the meaning set forth in the Settlement Agreement.

MAILED NOTICE

- Class Counsel will provide Angeion with a list of Public Water Systems that Class Counsel believes may be Settlement Class Members, based on information available to Class Counsel as of June 30, 2023 (the “Class List”). The Class List will include, at a minimum, all Public Water Systems that, as of June 30, 2023, are subject to the monitoring rules set forth in UCMR 5 and all Public Water Systems for which Class Counsel have information as of June 30, 2023, draw or otherwise collect from any Water Source that was found to contain any PFAS at any level. The Class List will be updated if Class Counsel becomes aware of additional Public Water Systems that may be Settlement Class Members.
- The Class List will also include mailing addresses and email addresses for each Settlement Class Member on the Class List, based on address information maintained in the U.S. EPA’s Safe Drinking Water Information System (“SDWIS”). Where SDWIS or information available to Class Counsel specifies an owner or operator of a Public Water System on the Class List whose mailing or email address is different from that of the Public Water System itself, the Class List will include the additional mailing and/or email address(es) as well.
- Notice will be sent via USPS certified mail with tracking and signature required to all Settlement Class Members for whom mailing addresses are included on the Class List.

Notice will be mailed via USPS first-class mail, postage prepaid, to any P.O. Box addresses.

- Angeion will employ the following best practices to increase the deliverability rate of the mailed Notices:
 - Angeion will cause the mailing address information for Settlement Class Members to be updated utilizing the USPS National Change of Address database, which provides updated address information for individuals or entities who have moved during the previous four years and filed a change of address with the USPS;
 - Angeion will also identify the address information included in SDWIS specified above and will monitor SDWIS for any updates;
 - Notices returned to Angeion by the USPS with a forwarding address will be re-mailed to the new address provided by the USPS and the Class List will be updated accordingly;
 - Notices returned to Angeion by the USPS without forwarding addresses will be subjected to an address verification search (commonly referred to as “skip tracing”) utilizing a wide variety of data sources, including public records, real estate records, electronic directory assistance listings, etc., to locate updated addresses;
 - Notices will be re-mailed to Settlement Class Members for whom updated addresses were identified via the skip tracing process.
- Any mailed Notices that remain undeliverable after the above-described efforts will be subjected to manual internet searches, phone calls to obtain updated addresses and/or the identification of email addresses for providing backup notice if efforts to obtain a mailing address are not successful or where the Settlement Class Member requests notice be sent via email.
- A reminder postcard will be sent prior to applicable deadlines.

EMAIL NOTICE

- The Summary Notice will be sent via email to all Settlement Class Members for whom

email addresses are available.

- The email notice will be designed to avoid many common “red flags” that might otherwise cause a spam filter to block or identify the email notice as spam. For example, the email notice will not include attachments like the Long Form Notice to the email notice, because attachments are often interpreted by various Internet Service Providers (“ISP”) as spam.
- Additional methods will be employed to help ensure that as many recipients as possible receive the Summary Notice via email. Specifically, prior to distributing the Summary Notice by email, an email updating process will be engaged to help ensure the accuracy of recipient email addresses. Angeion will review email addresses for mis-transcribed characters and perform other data hygiene, as appropriate. This process will include review of email address information available in SDWIS.
- The email notice process will also account for the real-world reality that some emails will inevitably fail to be delivered during the initial delivery attempt. Therefore, after the initial noticing campaign is complete, after an approximate 24- to 72-hour rest period (which allows any temporary block at the ISP level to expire) a second round of email noticing will continue to any email addresses that were previously identified as soft bounces and not delivered.

OUTREACH EFFORTS

- Angeion will perform personalized outreach to national and local water organizations will be performed, including to entities such as the Association of Metropolitan Water Agencies (“AMWA”) and American Water Works Association (“AWWA”) and similar third-party organizations that have a connection to the case, along with a request that they assist in providing notice, where appropriate.

MEDIA CAMPAIGN

Publication Notice

- The Summary Notice of the Settlement will be published one (1) time in key industry-specific titles, such as *Journal AWWA*, *Rural Water*, *The Municipal*, and *Water Environment*

& Technology.

- The Summary Notice of the Settlement will also be published one (1) time each in national publications such as the *Wall Street Journal*, *USA Today* and the *New York Times*.
- To satisfy the requirements of California’s Consumer Legal Remedies Act, Angeion will cause the Summary Notice to be printed in the California regional edition of *USA Today* for four (4) consecutive weeks.

Digital Notice

- Angeion will undertake a digital publication campaign utilizing key industry-specific titles, such as *American Water Works Association*, *National Rural Water Association*, *The Municipal*, *Water Environment & Technology*, *Water Quality Association*, *AWWA Opflow*, and/or *AWWA Source Book* will be used.

Paid Search Campaign

- Angeion will implement a paid search campaign on Google will be used to help drive Settlement Class Members who are actively searching for information about the Settlement to the dedicated Settlement Website.

Press Release

- Angeion will distribute a press release over PR Newswire’s national and public interest circuits to further disseminate news of the Settlement. A second press release will also be issued before applicable deadlines.

SETTLEMENT WEBSITE AND TOLL-FREE TELEPHONE SUPPORT

- The Notice Plan will also implement the creation of the Settlement website, where Settlement Class Members can easily view general information about this Settlement, review relevant Court documents, and view important dates and deadlines pertinent to the Settlement. The website will be designed to be user-friendly and make it easy for Settlement Class Members to find information about the case. The website will also have a “Contact Us” page whereby Settlement Class Members can send an email with any

additional questions to a dedicated email address.

- A toll-free hotline devoted to this case will be implemented to further apprise Settlement Class Members of their rights and options under the Settlement Agreement. The toll-free hotline will utilize an interactive voice response (“IVR”) system to provide Settlement Class Members with responses to frequently asked questions and will also provide other essential information regarding the Settlement. This hotline will be accessible 24 hours a day, 7 days a week, with live operator support during normal business hours.

3. Investment of Settlement Fund. The Custodian/Escrow Agent shall invest the Settlement Fund exclusively in interest-bearing instruments or accounts backed by the full faith and credit of the United States Government or fully insured by the United States Government or an agency thereof, including a U.S. Treasury Fund or a bank account that is either (a) fully insured by the Federal Deposit Insurance Corporation (“FDIC”) or (b) secured by instruments backed by the full faith and credit of the United States Government, in each case, as further

provided in this Section 3. Prior to the Effective Date, unless otherwise mutually agreed by the parties, the Custodian/Escrow Agent shall invest the Settlement Fund in compliance with the preceding sentence as follows: (i) except for \$5,000,000 covered in clause (ii), upon receipt of the Settlement Amount, exclusively in successive U.S. Treasury bonds or bills, each with a thirty-day maturity and (ii) \$5,000,000 held in immediately available funds. Following the Effective Date, unless otherwise mutually agreed by the Custodian/Escrow Agent, Class Counsel and the Special Master, the Custodian/Escrow Agent shall invest the Settlement Fund, in compliance with this Section 3. To the extent the investment is not otherwise specified herein, the Settlement Fund will be invested conservatively in a manner designed to assure timely availability of funds in accordance with the distribution schedule contemplated by the Settlement Agreement, protection of principal, and avoidance of concentration risk, and shall be invested only in short-term instruments or accounts. 4. Custodian/Escrow Funds Subject to Jurisdiction of the Court. The Qualified Settlement Fund shall remain subject to the jurisdiction of the Court until such time as the Settlement Fund shall have been distributed, pursuant to the terms of the Settlement Agreement and order(s) of the Court contemplated thereby.

5. Tax Treatment & Reporting. For purposes of §468B of the Internal Revenue Code of 1986, as amended (the “Code”), and the Treasury Regulations promulgated thereunder, the “administrator” of the qualified settlement fund shall be the Special Master. Reg. §1.468B-2(k), and to the extent applicable Treas. Reg. §1.468B-2(1), and as further provided in the Settlement Agreement. The “taxable year” of the Custodian/Escrow Account shall be the “calendar year” as such terms are defined in Section 441 of the Code. The Custodian/Escrow Account shall use the accrual method of accounting as defined in Section 446(c) of the Code.

6. Tax Payments. All Taxes and Tax Expenses (each as defined in the Settlement Agreement) with respect to the Custodian/Escrow Account, as more fully described in the Settlement

Agreement, shall be treated as and considered to be a cost of administration of the Custodian/Escrow Account and the Custodian/Escrow Agent shall timely pay such Taxes and Tax Expenses out of the Settlement Fund without prior order of the Court, as directed by the Special Master and in accordance with the Settlement Agreement. The Special Master shall be responsible for the timely and proper preparation and delivery of any necessary documentation for signature by all necessary parties, and the timely filing of all tax returns and other tax reports required by law with respect to the Custodian/Escrow Account. The Special Master shall be responsible for ensuring that the Custodian/Escrow Account complies with all withholding requirements (including by instructing the Custodian/Escrow Agent to withhold any required amounts) with respect to payments made by the Custodian/Escrow Account. The Custodian/Escrow Agent, as directed by the Special Master, will deduct and withhold any Taxes required to be deducted and withheld by applicable law, including but not limited to required withholding in the absence of proper Tax documentation, and shall remit such Taxes to the appropriate authorities in accordance with applicable law. Any amounts deducted or withheld by the Custodian/Escrow Agent (or any other withholding agent) with respect to payments made by the Custodian/Escrow Account shall be treated for all purposes as though such amounts had been distributed to the Person in respect of which such deduction or withholding was made. The Custodian/Escrow Agent shall not be responsible for any income reporting to the IRS with respect to income earned on the Settlement Fund, however the Custodian/Escrow Agent shall comply with all instructions received from the Special Master regarding the withholding of any amount on account of Taxes and shall cooperate with other requests made by the Special Master to enable the Special Master to fulfill its responsibilities under the Settlement Agreement with respect to tax matters.

7. Disbursement Instructions

(a) The Custodian/Escrow Agent shall hold and release the Settlement Fund as follows:

- i. Solely to the extent the Custodian/Escrow Agent has previously received a notice from an Authorized Representative of each of the Settling Defendants confirming the occurrence of the Effective Date: upon receipt of a Special Master Release Instruction with respect to the Settlement Fund, the Custodian/Escrow Agent shall promptly, but in any event within two (2) Business Days after receipt of a Special Master Release Instruction, disburse all or part of the Settlement Fund in accordance with such Special Master Release Instruction. "Special Master Release Instruction" means written instruction executed by an Authorized Representative of the Special Master and by an Authorized Representative of Class Counsel directing the Custodian/Escrow Agent to disburse all or a portion of the Settlement Fund to pay, disburse, reimburse, hold, waive, or satisfy any monetary obligation provided for or recognized under any of the terms of the Settlement Agreement.
- ii. Upon receipt of a Joint Release Instruction with respect to the Settlement Fund, the Custodian/Escrow Agent shall promptly, but in

any event within two (2) Business Days after receipt of a Joint Release Instruction, disburse all or part of the Settlement Fund in accordance with such Joint Release Instruction. A “Joint Release Instruction” means the joint written instruction executed by an Authorized Representative of Class Counsel and by the necessary Authorized Representatives of the Settling Defendants, directing the Custodian/Escrow Agent to disburse all or a portion of the Settlement Fund.

- iii. Upon receipt of a Termination Release Instruction with respect to the Settlement Fund, the Custodian/Escrow Agent shall promptly, but in any event within two (2) Business Days after receipt of a Termination Release Instruction, disburse all of the Settlement Fund in accordance with such Termination Release Instruction. The Custodian/Escrow Agent will act on such Termination Release Instruction without further inquiry. “Termination Release Instruction” means written instruction executed by the necessary Authorized Representatives of the Settling Defendants directing the Custodian/Escrow Agent to disburse all or a portion of the Settlement Fund to the Settling Defendants or their respective designees pursuant to Paragraphs 9.9, 9.10 and/or 10.4 of the Settlement Agreement.

(b) Any instructions setting forth, claiming, containing, objecting to, or in any way related to the transfer or distribution of any funds on deposit in the Custodian/Escrow Account under the terms of this Agreement must be in writing, executed by the appropriate Party or Parties (pursuant to Section 7(a)) as evidenced by the signatures of the person or persons set forth on Exhibit A-1, Exhibit A-2, Exhibit A-3, Exhibit A-4 and Exhibit A-5 (the “Authorized Representatives”) and delivered to the Custodian/Escrow Agent. In the event funds transfer instructions are given (other than in writing at the time of execution of this Agreement), whether in writing, by facsimile, e-mail, telecopier or otherwise, Custodian/Escrow Agent will seek confirmation of such instructions by telephone call back when new wire instructions are established to the applicable Authorized Representatives only if it is reasonably necessary, and Custodian/Escrow Agent may rely upon the confirmations of anyone purporting to be the Authorized Representatives. To assure accuracy of the instructions it receives, Custodian/Escrow Agent may record such call backs. If Custodian/Escrow Agent is unable to verify the instructions, or is not satisfied with the verification it receives, it shall not execute the instruction until all issues have been resolved. The persons and telephone numbers for call backs may be validly changed only in a writing that (i) is signed by the party changing its notice designations, and (ii) is received and acknowledged by Custodian/Escrow Agent. If it is determined that the transaction was delayed or erroneously executed as a result of Custodian/Escrow Agent’s error, Custodian/Escrow Agent’s sole obligation is to pay or refund the amount of such error and any amounts as may be required by applicable law. Any claim for interest payable will be at the then-published rate for United States Treasury Bills having a maturity of 91 days.

(c) Except in the case of gross-negligence, willful misconduct or bad faith, the Custodian/Escrow Agent shall not be liable for any losses, costs or expenses arising directly or indirectly from the Custodian/Escrow Agent's reliance upon and compliance with such instructions notwithstanding such instructions conflict or are inconsistent with a subsequent written instruction. The party providing electronic instructions agrees; (i) to assume all risks arising out of the use of such electronic methods to submit instructions and directions to the Custodian/Escrow Agent, including, without limitation, the risk of the Custodian/Escrow Agent acting on unauthorized instructions, and the risk of interception and misuse by third parties; (ii) that it is fully informed of the protections and risks associated with the various methods of transmitting instructions to the Custodian/Escrow Agent and that there may be more secure methods of transmitting instructions than the method(s) selected by the Custodian/Escrow Agent; and (iii) that the security procedures (if any) to be followed in connection with its transmission of instructions provide to it a commercially reasonable degree of protection in light of its particular needs and circumstances.

8. Fees. The Custodian/Escrow Agent shall be entitled to compensation for its services as stated in the fee schedule attached as Exhibit C. All fees and expenses of Custodian/Escrow Agent shall be paid solely from the Settlement Fund. The Custodian/Escrow Agent may pay itself such fees from the Settlement Fund only after such fees have been approved for payment pursuant to a Joint Release Instruction. If Custodian/Escrow Agent is asked to provide additional services a separate agreement and fee schedule will be entered into.

9. Duties, Liabilities and Rights of Custodian/Escrow Agent. This Custodian/Escrow Agreement sets forth all of the obligations of Custodian/Escrow Agent, and no additional obligations shall be implied from the terms of this Custodian/Escrow Agreement or any other agreement, instrument or document.

(a) Custodian/Escrow Agent may act in reliance upon any instructions, notice, certification, demand, consent, authorization, receipt, power of attorney or other writing delivered to it by the applicable Authorized Representatives, as provided herein, without being required to determine the authenticity or validity thereof or the correctness of any fact stated therein, the propriety or validity of the service thereof. Custodian/Escrow Agent may act in reliance upon any signature which is reasonably believed by it to be genuine, and may assume that such person has been properly authorized to do so.

(b) Custodian/Escrow Agent may consult with legal counsel of its selection in the event of any dispute or question as to the meaning or construction of any of the provisions hereof or its duties hereunder, and it shall incur no liability and shall be fully protected to the extent Custodian/Escrow Agent acts in accordance with the reasonable opinion and instructions of counsel. Custodian/Escrow Agent shall have the right to reimburse itself for reasonable legal fees and reasonable and necessary disbursements and expenses actually incurred from the Custodian/Escrow Account only (i) upon a Joint Release Instruction or (ii) pursuant to an order of the Court.

(c) The Custodian/Escrow Agent, or any of its affiliates, is authorized to manage, advise, or service any money market mutual funds in which any portion of the Settlement Fund may be invested.

(d) Custodian/Escrow Agent is authorized to hold any treasuries held hereunder in its federal reserve account.

(e) The Custodian/Escrow Agent will furnish monthly statements to the Parties setting forth the activity in the Custodian/Escrow Account.

(f) Custodian/Escrow Agent shall not bear any risks related to the investment of the Settlement Fund in accordance with the provisions of paragraph 3 of this Custodian/Escrow Agreement. The Custodian/Escrow Agent will be indemnified by the Settlement Fund, and held harmless against, any and all claims, suits, actions, proceedings, investigations, judgments, deficiencies, damages, settlements, liabilities and expenses (including reasonable legal fees and expenses of attorneys chosen by the Custodian/Escrow Agent) as and when incurred, arising out of or based upon any act, omission, alleged act or alleged omission by the Custodian/Escrow Agent or any other cause, in any case in connection with the acceptance of, or performance or non-performance by the Custodian/Escrow Agent of, any of the Custodian/Escrow Agent's duties under this Agreement, except as a result of the Custodian/Escrow Agent's bad faith, willful misconduct or gross negligence.

(g) Upon distribution of all of the funds in the Custodian/Escrow Account pursuant to the terms of this Custodian/Escrow Agreement and any orders of the Court, Custodian/Escrow Agent shall be relieved of any and all further obligations and released from any and all liability under this Custodian/Escrow Agreement, except as otherwise specifically set forth herein.

(h) In the event any dispute shall arise between the parties with respect to the disposition or disbursement of any of the assets held hereunder, the Custodian/Escrow Agent shall be permitted to interplead all of the assets held hereunder into the Court, and thereafter be fully relieved from any and all liability or obligation with respect to such interpleaded assets. The parties further agree to pursue any redress or recourse in connection with such a dispute, without making the Custodian/Escrow Agent a party to same.

10. Non-Assignability by Custodian/Escrow Agent. Custodian/Escrow Agent's rights, duties and obligations hereunder may not be assigned or assumed without the written consent of the persons necessary for a Joint Release Instruction.

11. Resignation of Custodian/Escrow Agent. Custodian/Escrow Agent may, in its sole discretion, resign and terminate its position hereunder at any time following 120 days prior written notice to the parties to the Custodian/Escrow Agreement herein. On the effective date of such resignation, Custodian/Escrow Agent shall deliver this Custodian/Escrow Agreement together with any and all related instruments or documents and all funds in the Custodian/Escrow Account

to the successor Custodian/Escrow Agent, subject to this Custodian/Escrow Agreement. If a successor Custodian/Escrow Agent has not been appointed prior to the expiration of 120 days following the date of the notice of such resignation, then Custodian/Escrow Agent may petition the Court for the appointment of a successor Custodian/Escrow Agent, or other appropriate relief. Any such resulting appointment shall be binding upon all of the parties to this Custodian/Escrow Agreement.
